The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect your business or any weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Introduction

This paper provides the Audit Committee with a report on progress in delivering our responsibilities as your external auditors. The paper also includes a summary of emerging national issues and developments that may be relevant to you; and

Members of the Audit Committee can find further useful material on our website www.grant-thornton.co.uk, where we have a section dedicated to our work in the public sector (<http://www.grant-thornton.co.uk/en/Services/Public-Sector/>). Here you can download copies of our publications including:

- Working in tandem, local government governance review 2014, our third annual review, assessing local authority governance, highlighting areas for improvement and posing questions to help assess the strength of current arrangements
- 2016 tipping point? Challenging the current, summary findings from our third year of financial health checks of English local authorities
- Local Government Pension Schemes Governance Review, a review of current practice, best case examples and useful questions to assess governance strengths

If you would like further information on any items in this briefing, or would like to register with Grant Thornton to receive regular email updates on issues that are of interest to you, please contact either your Engagement Lead or Audit Manager.

Understanding your accounts – member guidance

Accounting and audit issues

Guide to local authority accounts

Local authority audit committee members are not expected to be financial experts, but they are responsible for approving and issuing the authority's financial statements. However, local authority financial statements are complex and can be difficult to understand. We have prepared a guide for members to use as part of their review of the financial statements. It explains the key features of the primary statements and notes that make up a set of financial statements. It also includes key challenge questions to help members assess whether the financial statements show a true and fair view of their authority's financial performance and financial position.

The guide considers the :

- explanatory foreword – which should include an explanation of key events and their effect on the financial statements
- annual governance statement – providing a clear sense of the risks facing the authority and the controls in place to manage them
- movement in reserves statement – showing the authority's net worth and spending power
- comprehensive income and expenditure statement – reporting on the year's financial performance and whether operations resulted in surplus or deficit
- balance sheet – a 'snapshot' of the authority's financial position at 31st March; and
- other statements and additional disclosures

Supporting this guide we have produced two further documents to support members in discharging their responsibilities

- helping local authorities prepare clear and concise financial statements
- approving the minimum revenue provision

Copies of these are available from your engagement lead and audit manager

Not to be rubbished, £464 million potential savings

Local government guidance

Audit Commission VFM Profiles

Using data from the VFM Profile, <http://www.audit-commission.gov.uk/information-and-analysis/value-for-money-briefings-2/> the Audit Commission issued a briefing on 27 March 2014, concluding that up to £464 million could be saved overall, if councils spending the most brought down their spending to the average for their authority type and waste responsibilities.

The Audit Commission Chairman, Jeremy Newman said: "It's good news that local authorities have reduced their spending on household waste by £46 million over the past four years and have reduced levels of waste sent to landfill. Councils have achieved these important improvements by working with local people and exercising choice about what works best in their own circumstances."

In the context of considering the hierarchy of waste management options - preventing the creation of waste, preparing waste for re-use, recycling, recovery and disposal to landfill - the Audit Commission Chairman also said

"in 2012/13 local authorities spent a fifth of their total expenditure on the most desirable option for household waste management: minimisation and recycling. They spent the other four-fifths on the collection and disposal of waste – the least desirable options. Councils have the power to influence and encourage residents to do the right thing and they control the levels of spending on the range of waste management options available to them. Their choices ultimately affect how well the environment is protected and the quality of waste services residents receive"

Blue Badge fraud prosecutions double in three years

Local government guidance

Fraud prevention

The Local Government Association has reported that Blue Badge fraud prosecutions have doubled in three years as councils crackdown on dishonest motorists robbing disabled people of their independence and their right to easier parking. - See more at:

http://www.local.gov.uk/web/guest/media-releases/-/journal_content/56/10180/6186329/NEWS#sthash.Pllm4374.dpuf

Stoke-on-Trent City Council, Plymouth Council and Hull City Council recently secured their first prosecutions against fraudsters while Manchester City Council has a 100 per cent conviction rate with more than 500 prosecutions in the past five years. Councils are also using new powers to seize and confiscate badges suspected of being used illegally and some have set up specific enforcement teams to tackle Blue Badge fraud.

Cllr Peter Box, Chair of the LGA's Economy and Transport Board, said:

"Councils are determined to do everything in their power to protect the quality of life for our disabled and vulnerable residents and will not hesitate to take legal action against anyone caught abusing the scheme. With more of these fraudsters being brought to justice than ever before by councils, this is sending a strong message that we will come down hard on drivers illegally using Blue Badges."

Local Government Pension Scheme (LGPS) reform

The DCLG (1 May 2014) published a summary of its 2013 call for evidence on the future structure of the local government pension scheme, along with its own conclusions and has launched a formal consultation on these. Consultation responses are required by 11 July 2014. <https://www.gov.uk/government/consultations/local-government-pension-scheme-opportunities-for-collaboration-cost-savings-and-efficiencies>

Having considered a cost/benefit analysis of mergers from actuarial firm Hymans Robertson, the DCLG said it would not force funds to merge, but is instead consulting on the following proposals:

- Establishing common investment vehicles to provide funds with a mechanism to access economies of scale, helping them to invest more efficiently in listed and alternative assets and to reduce investment costs.
- Significantly reducing investment fees and other costs of investment by using passive management for listed assets, since the aggregate fund performance has been shown to replicate the market.
- Keeping asset allocation with the local fund authorities, and making available more transparent and comparable data to help identify the true cost of investment and drive further efficiencies in the Scheme.
- A proposal not to pursue fund mergers at this time.

The potential proposed changes, whilst not as radical as the previously considered merger proposals, remain nonetheless significant for the management of pension funds. DCLG believe the implementation of the proposed changes would significantly reduce investment costs across the LGPS nationally.

Assessing the costs and benefits of local partnerships

Local government guidance

The government published its cost benefit analysis guidance for local partnerships on 2 April 2014.

Developed as part of the Greater Manchester 'whole place' Community Budget pilot, it was the first Treasury-approved assessment of the costs and benefits of joining-up and reforming public services in local areas.

The framework was developed by New Economy, the economic strategy unit of the Greater Manchester Combined Authority. John Holden, acting director of economic strategy at the agency, led the team that devised the methodology. He said

"this model provides a framework to start thinking about more holistic projects that deliver long-term outcomes but also produce short-term cashability [savings]"

The guidance sets out a standard process to determine the benefit of reforms, based on the unit cost of services, their impact and the savings that result. In providing Treasury backing for the cost benefit analysis framework – it has been included in Whitehall's Green Book for policy appraisal and evaluation – it has been added to the government's assessment process for the latest £320m round of the Transformation Challenge Award, which provides funding to councils to implement reforms.

Local Government Governance Review

This report: <http://www.grant-thornton.co.uk/en/Publications/2014/Local-Government-Governance-Review-2014/> is our third annual review into local authority governance. It aims to assist managers and elected members of councils and fire and rescue authorities to assess the strength of their governance arrangements and to prepare for the challenges ahead.

Drawing on a detailed review of the 2012/13 annual governance statements and explanatory forewords of 150 English councils and fire and rescue authorities, as well as responses from 80 senior council officers and members, the report focuses on three particular aspects of governance:

- risk leadership: setting a tone from the top which encourages innovation as well as managing potential pitfalls
- partnerships and alternative delivery models: implementing governance arrangements for new service delivery models that achieve accountability without stifling innovation
- public communication: engaging with stakeholders to inform and assure them about service performance, financial affairs and governance arrangements.

Alongside the research findings, the report also highlights examples of good practice and poses a number of questions for management and members, to help them assess the strength of their current governance arrangements.

Events

Events

We are involved in organising and supporting various events for our local government clients including the following.

- Paul Grady, Grant Thornton's Head of Police, will be speaking at the third Annual National Conference on Police and Crime Commissioners on 10 July, in Nottingham
- We are hosting an Alternative Delivery Models seminar at our Birmingham office in 16 July where practitioners will share experiences of setting up and operating various alternative delivery models
- are organising a programme of events with the aim of creating networking opportunities with fellow Audit Committee Members across the Midlands. The next event is on 30th July and the topic is financial reporting in local government.

2nd April 2014

Dear Kelvin

Planned audit fee for 2014/15

The Audit Commission has set its proposed work programme and scales of fees for 2014/15. In this letter we set out details of the audit fee for the Council along with the scope and timing of our work and details of our team.

Scale fee

The Audit Commission defines the scale audit fee as “the fee required by auditors to carry out the work necessary to meet their statutory responsibilities in accordance with the Code of Audit Practice. It represents the best estimate of the fee required to complete an audit where the audited body has no significant audit risks and it has in place a sound control environment that ensures the auditor is provided with complete and materially accurate financial statements with supporting working papers within agreed timeframes.”

The Council's scale fee for 2014/15 has been set by the Audit Commission at £72,436, which compares to the audit fee of £72,436 for 2013/14.

Further details of the work programme and individual scale fees for all audited bodies are set out on the Audit Commission's website at: www.audit-commission.gov.uk/audit-regime/audit-fees/proposed-work-programme-and-scales-of-fees-201415

The audit planning process for 2014/15, including the risk assessment, will continue as the year progresses and fees will be reviewed and updated as necessary as our work progresses.

Scope of the audit fee

The scale fee covers:

- our audit of your financial statements
- our work to reach a conclusion on the economy, efficiency and effectiveness in your use of resources (the value for money conclusion)
- our work on your whole of government accounts return.

Value for Money conclusion

Under the Audit Commission Act, we must be satisfied that the Council has adequate arrangements in place to secure economy, efficiency and effectiveness in its use of resources, focusing on the arrangements for:

- securing financial resilience; and
- prioritising resources within tighter budgets.

We undertake a risk assessment to identify any significant risks which we will need to address before reaching our value for money conclusion. We will assess the Council's financial resilience as part of our work on the VfM conclusion and report as part of our Audit Findings Report.

Certification of grant claims and returns

The Council's composite indicative grant certification fee has been set by the Audit Commission at £8,280 (a reduction from actual for 2012/13 of £13,500).

The indicative certification fees are based on the latest final certification fees available, for 2012/13 certification, and cover certification of housing benefit subsidy claims only. They have been reduced to reflect the removal of council tax benefit from subsidy claims and the removal of the requirement to certify the National Non Domestic Rates Return from April 2013.

Billing schedule

Fees will be billed as follows:

Main Audit fee	£
September 2014	18,109
December 2014	18,109
March 2015	18,109
June 2015	18,109
	72,436
Grant Certification	
December 2015	8,280
Total	80,716

Outline audit timetable

We will undertake our audit planning and interim audit procedures in . Upon completion of this phase of our work we will issue a detailed audit plan setting out our findings and details of our audit approach. Our final accounts audit and work on the VfM conclusion will be completed in January-September 2015 and work on the whole of government accounts return will be completed in September 2015
