

## **Cleaner Greener and Safer Communities Scrutiny Committee.**

**25th June 2014.**

The Committee received a verbal update from Natalie Snell Senior Partnership Officer on funding we have received from the Police and Crime Commissioner.

Paul Pickerill Operations and Performance Manager gave a report on the A500 Cleansing Report and some of the problems they have encountered with other agency's they have to work with.

We received an update on the Integrated Recycling and Waste Strategy from Trevor Nicol, Andrew Bird and Councillor Ann Beech portfolio holder. A lot of hard work from a group of Cross Party Councillors and officers has gone into scrutinising this policy and it was agreed to send it to Cabinet.

Future Work Plan will include the Regulations of Hot Food Takeaways and A Frames Obstruction on Pavements.

We agreed to invite the Town Centre Partnership Manager or a representative and Dave Greatbatch Community Infrastructure, Staffordshire County Council to a future meeting.

Councillor Gill Williams - Chair.
