Please explain how the relevant criteria above are met by this call-in:

The refusal to bring all council owned sites into the public domain for open disposal in any of the proposed tranches.

Council inability to produce the 5 years Housing supply plan is being used as a reason to build on all open spaces therefore not acting in the interest of the community.

Suggested proposal you would like to be voted on at the call-in meeting (this should be an evidence-based proposal and you should provide evidence to support the proposal)

This site needs to be withdrawn until the local need can be correctly assessed. The current property and land assets owned by the Council are being disposed of without consideration to public need or with the best value of return in mind.
