- (b) That the Prudential Indicators contained within the report be approved.**
- (c) That the Investment Strategy contained within the report be approved.**
- (d) That the Minimum Revenue Provision Strategy contained within the report be approved.**

Reasons

The Council needs to have an approved Treasury Management Strategy for 2015/16 in place before the start of the 2015/16 financial year.

At the Council meeting of 24th June 2009 it was resolved that the strategy be scrutinised by the Finance, Resources and Partnerships Scrutiny Committee before being submitted for approval by Full Council. The strategy was scrutinised by the Finance, Resources and Partnerships Scrutiny Committee on 21 January 2015.

1. Background

- 1.1 The Council has adopted the Chartered Institute of Public Finance and Accountancy (CIPFA) Treasury Management Code of Practice. This requires a report to be prepared and approved by the Council concerning the strategy to be followed in carrying out its treasury management activities in the forthcoming financial year, 2015/16.
- 1.2 The Local Government Act 2003 and Regulations thereto specify that local authorities must have regard to the CIPFA Prudential Code for Capital Finance in Local Authorities in setting their affordable borrowing limits. This is to be achieved by setting a number of "prudential indicators" covering various aspects of treasury management. Accordingly, the appropriate prudential indicators have been incorporated in the relevant sections of the Treasury Management Strategy Report.
- 1.3 In addition the Department for Communities and Local Government issued revised "Guidance on Local Authority Investments" in March 2010, under powers contained in Section 15 (1)(a)

of the Local Government Act 2003. The Act states that local authorities must have regard to this guidance. The Guidance recommends that an Annual Investment Strategy, setting out the Council's policies for managing its investments and for giving priority to the security and liquidity of those investments is produced and approved by the Full Council.

2. **Issues**

- 2.1 The Strategy Report for 2015/16 is attached at Appendix 1
- 2.2 The proposed prudential indicators relating to treasury management are contained in the report.
- 2.3 The Investment Strategy for 2015/16 is contained in Annex A to the report.
- 2.4 Details of the methodology involved in the production of the counterparty listing are contained in Annex B to the report.
- 2.5 The Minimum Revenue Provision Strategy for 2016/16 is contained in Annex C to the report.
- 2.6 Some of the paragraphs and the economic commentary have been supplied by Sector Treasury Services Ltd, the Council's treasury management advisors.
- 2.7 The Treasury Management Strategy for 2015/16 allows for the possibility of borrowing. However, at the Cabinet meeting on 15th October 2014, Cabinet resolved, via the 'Funding the Council's Capital Investment Programme' report that:

'That Cabinet agrees with the principle that the Council, as a first resort, will seek to fund its future known capital programme needs through the annual asset management planning process by the identification of land or property in its ownership that is capable of, and appropriate for disposal.'

3. **Legal and Statutory Implications**

- 3.1 The Council must comply with the Investment Guidance published by DCLG.

4. **Financial and Resource Implications**

- 4.1 There are no specific financial implications arising from the strategy report.

5. **Major Risks**

- 5.1 Treasury management is a major area of risk for the Council in that large amounts of money are dealt with on a daily basis and there are a number of limits and indicators, which must be complied with.
- 5.2 The overriding consideration in determining where to place the Council's surplus funds is to safeguard the Council's capital. Within this constraint the aim is to maximise the return on capital.
- 5.3 Operational procedures, coupled with monitoring arrangements, are in place to minimise the risk of departures from the approved strategy.
