

Children

The licensing authority is committed to protecting children from harm and views this as an important licensing objective. The Council's licensing team works with Children's Services during the development of licensing policy where the protection of children is concerned. Intelligence sharing and the exchange of current strategy developed by Staffordshire and Stoke on Trent Safeguarding Children's Boards ensure that the protection of children from harm remains key.

The Licensing Authority is aware that alcohol use, misuse and abuse is one of the recurring key 'parental factors' in child protection and safeguarding, often contributing to parental neglect of children and domestic abuse and violence within families.

Alcohol is also often a factor in child sexual exploitation, where young people may be encouraged or coerced to drink, or alcohol may be a factor in risk taking behaviour by young people who drink irresponsibly and then get involved in activities that otherwise they would not. Nationally, evidence has been found of the sexual exploitation of children taking place on licensed premises, or licensed premises being used for the purposes of grooming and enticement.

Staffordshire and Stoke on Trent Safeguarding Children Board's work with other statutory authorities and will engage with the licensing trade to promote risk management in relation to child sexual exploitation. The Children's Board can provide advice to assist licensees to identify risk and report concerns at different types of licensed premises so that children remain safe and businesses operate responsibly.

The Licensing Authority encourages license holders and operators of licensed premises:

- To ensure that they are fully aware of the signs of child sexual exploitation and to understand that the sexual exploitation of a child is sexual abuse and a crime and
- To raise the awareness of their staff about child sexual exploitation and provide intelligence to the appropriate authorities about concerns and about perpetrators who may be operating in their areas.

Staffordshire and Stoke on Trent Safeguarding Children Board's provide local information about child safety, child sexual exploitation, policies and procedures including risk factors and signs and symptoms:

Human Trafficking / Modern Slavery

Human trafficking is the movement of a person from one place to another into conditions of exploitation, using deception, coercion, the abuse of power or the abuse of someone's vulnerability. It is possible to be a victim of trafficking even if your consent has been given to being moved. Although human trafficking often involves an international cross-border element, it is also possible to be a victim of human trafficking within your own country.

Victims are often trafficked for sexual exploitation, forced labour or domestic servitude. Victims of Human Trafficking could be used to work in restaurants, fast food establishments and other licensed establishments.

The licensing authority is committed to deterring and combatting such criminal activity. The licensing authority will work with Staffordshire Police and other partner agencies to gather and share intelligence to identify, tackle and deter such activity.
