

1. FINANCIAL AND PERFORMANCE MANAGEMENT REPORT TO END OF QUARTER TWO (July -September) 2015

Submitted by: Executive Management Team

Portfolio: Policy, People & Partnerships
Finance, IT & Customer

Wards Affected: All

Purpose

To provide Finance, Resources & Partnerships Scrutiny (FRAPS) Committee with the Financial and Performance Review report with the Financial and Performance Review report - second quarter 2015/16.

Recommendations

- (a) **That Members note the contents of the attached report and agrees to the recommendation that the Council continues to monitor and scrutinise performance alongside the latest financial information for the same period.**

Reasons

The Financial and Performance Management monitoring reports provide information on a quarterly basis regarding the performance of individual council services, alongside related financial information on the organisation. This report will be presented to Cabinet on 11 November 2015.

1. Background

- 1.1 This quarterly report provides Members with a detailed update on how the Council has performed during the second quarter of 2015/16 by presenting performance data set within a financial context.
- 1.2 This report provides broad financial information (Appendix A) and also detailed analysis of performance (Appendix B) for the second quarter of 2015/16.
- 1.3 A summary of the overall performance picture is presented in section 3 of this report and members will note that performance is generally progressing well.

2. 2015/16 Revenue and Capital Budget Position

- 2.1 The Council approved a general fund revenue budget of £13,830,450 on 25 February 2015. Further financial information is provided in Appendix A.

3 Performance

- 3.1 The latest performance information is reported and attached as Appendix B.
- 3.2 Any indicators failing to meet the set targets are reported, by exception, in the table found in section 3.6.
- 3.3 The information found in Appendix B is presented in four sections against each corporate priority and detailed results and progress towards identified outcomes for the Council is presented here as well.

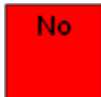

3.4 The number of indicators monitored in this report for quarter two 2015-16 is 27 in total, and the proportion of indicators which have met their target during this period stands at 85.2%.

3.5 The report contains five columns designed to show achievement:

- The “Good is” column denotes whether ‘low’ or ‘high’ figures are good and allows the reader to analyse the results in detail;
- There are two columns included showing comparative quarterly performance for 2014-15 and 2015-16 – this allows the reader to gain some insight into annual trends;
- The fourth column shows the annual target for 2015-16 (in some cases a quarterly target may be provided when relevant and necessary) and;
- In the last column one set of symbols (icons) show whether performance is on target or not at this time.

3.6 Four indicators from Appendix B are off target this quarter and are reported by exception in the table below, together with commentary.

Exception Report Quarter 2, 2015 (July - September)						
Ref	Indicator	Result	Target	Status	Officer	Portfolio holder
2.6	Percentage of Minor Planning Applications determined within time	64.7% (cumulative)	75%	No	Guy Benson	Cllr. Proctor
Comment	Performance with respect to this target during the quarter was significantly better than in the preceding quarter. However the cumulative result was inevitably affected by the number of already out of time applications in the system and two long term staff absences in a small team due to illness. Proposals to address staff resourcing/capacity were agreed by July Cabinet which should help to improve the Service’s performance in the latter part of 2015/16, with additional staffing resources already employed towards the end of the quarter. A Development Management Performance Action Plan submitted to Planning Committee 18 th August sets out these proposals along with further measures to address the underperformance.					
3.6	Number of people accessing leisure and recreational facilities	158,971 (324,631 cumulative)	670,000	No	Rob Foster	Cllr. Rout
Comment	The annual target set of 670,000 attendances was a stretched target when compared to the 2014/15 outturn of 597,805. However there has been a positive growth in attendances when compared to the same cumulative period in 2014, with an increase of 24,769 attendances. It should be noted that there was a three week closure of the swimming pools at Kidsgrove Sports Centre in July 2015, which would have an impact on attendances during the second quarter. In addition, the reduction in car parking provision at Kidsgrove Sports Centre may now be having an impact on the number of attendances at the centre and this will be monitored throughout the third quarter.					

Exception Report Quarter 2, 2015 (July - September)						
Ref	Indicator	Result	Target	Status	Officer	Portfolio holder
4.3	Average number of days per employee lost to sickness	4.77 days (long term 3.34 and short term 1.43 days)	3.75 days		Sarah Taylor	Cllr. Shenton
Comment	In Qtr. 2 we have seen the number of long term sickness cases greatly reduced to 6, which was previously 23 cases in Qtr. 1. Although improvement is evident, due to the cumulative collection of the indicator and the impact of many cases in Qtr. 1 on the result, the indicator remains off target in Qtr. 2. Both short term and long term sickness cases are continuing to be proactively managed with HR and Occupational Health support and are monitored monthly at Executive Management Team and Departmental meetings.					
4.4	Percentage of requests resolved at first point of contact	96%	97%		Jeanette Hilton	Cllr. Turner
Comment	Although there is a slight reduction this quarter, this still constitutes a high percentage of requests resolved given the number of staff corporately available to deal with service requests during the peak summer holidays.					

Officers consider that the performance against these indicators does not give rise to serious cause for concern at present, and the management of each of the service areas concerned continue to monitor and take steps to deal with under achievement of targets where possible and/or appropriate.

Further quarterly updates will be provided for Members in future reports.

- 3.7 Positive performance can be seen in a range of services and members will note that some services are affected by both seasonal and external factors. It should also be noted for consideration that some indicators have stretched targets set and local targets that are higher than the national ones.
- 3.8 In response to questions raised at the previous Scrutiny meeting - 3 September 2015;
- Appendix C informs members how the programme of food inspections are decided upon and details of the work undertaken for the National Food Hygiene Rating Scheme.
 - A short presentation to be given by the Housing Strategy Officer explaining the work undertaken to prevent homelessness.

4. Outcomes Linked to Sustainable Community Strategy and Corporate Priorities

- 4.1 All indicators link to corporate priorities set out in the Council Plan and/or Service Plans.

5. Legal and Statutory Implications

- 5.1 The Council has a duty to set targets for performance of a range of functions and needs to monitor these closely.

6. Equality Impact Implications

6.1 There are no differential equality issues arising directly from this monitoring report.

7. Financial and Resource Implications

7.1 Any positive variance for the full year on the General Fund Revenue Account will enable that amount to be transferred to the Budget Support Fund and will be available in future years for use as the Council considers appropriate. Conversely, if there is an adverse variance, the amount required to cover this will have to be met from the Budget Support Fund.

8. Major Risks

8.1 The ongoing changing market conditions represents the greatest risk to the revenue budget, particularly with regard to the impact it may have upon income receivable in relation to services where customers may choose whether or not to use Council facilities or in the case of the waste/recycling service where the volume of recycled materials is liable to fluctuate. The situation will be monitored through the normal budget monitoring procedures.

8.2 The capital programme will require regular monitoring to identify any projects which are falling behind their planned completion dates. This will be carried out by the Capital Programme Review Group, which meets on a monthly basis together with quarterly reports to Cabinet.

8.3 The above represents a high level view of risk. There are detailed risk registers available if members wish to see them.

9. List of Appendices

Financial information (Appendix A), Performance report (Appendix B) and Information on Food Hygiene inspections & the National Food Hygiene Rating Scheme (Appendix C) are attached.

10. Background Papers

Working papers held by officers responsible for calculating indicators.

11. Management sign off

Each of the designated boxes need to be signed off and dated before going to Executive Director/Corporate Service Manager for sign off.
