Consultation Statement

The Brampton Conservation Area Appraisal and Management Plan Supplementary Planning Document (SPD)

Background

The SPD redefines the special interest of The Brampton Conservation Area and identifies issues which threaten these special qualities. The Management Plan provides a framework for future actions.

Once adopted, the SPD will supplement the objectives and policies contained in the Joint Core Spatial Strategy.

1. Introduction

- 1.1 Regulation 12 of The Town and Country Planning (Local Planning) (England) Regulations 2012 states that before a Local Planning Authority adopt a Supplementary Planning Document (SPD) they must prepare a statement setting out: the names of any persons the authority consulted in connection with the preparation of the SPD (these are filed within the Planning Service); a summary of the main issues raised in these consultations and how these have been addressed in the SPD. In addition before the SPD can be adopted the Statement has to be made available, with the Supplementary Planning Document, together with details of the date by which representations on it must be made and the address to which they must be sent.
- 1.2 This Consultation Statement explains the consultation process followed for the SPD, and aims to demonstrate that the Council undertook sufficient public consultations, using its best endeavours to consult and involve the community in the most effective way possible.

3.0 Summary of the main issues raised and how these have been addressed

3.1 The draft SPD has generally been well received.

3.2 There have been 6 formal representations made. Attendance at the consultation event principally involved residents from Sidmouth Avenue coming to view and discuss the proposals. This is probably due to the involvement of the Residents Association in the process and their supportive and active promotion of it. There much was informal discussion surrounding the area, its special character and the wish for it to be retained and maintained.

3.3 Section 4 sets out in summary the main issues raised by the comments. No amendments are proposed to the documents.
