There were no objections to the application.

39 Ironmarket, Newcastle 23/00479/FUL

## **Conservation Advisory Working Party - 05/09/23**

Whilst the group supported both the reuse of a redundant ground floor as well as the investment, this shop front detail was not considered an appropriate move forwards. It ignored the context of the existing building and the conservation area, being in close proximity to high quality buildings and traditional shop fronts nearby. The new arrangement would remove the projecting window and create a stepped access. The design of the doorway was nondescript and the windows were styled for the bar theme. The group was unsure of the theme and some thought it had the appearance of a pop up temporary Christmas market. Whilst some alterations had been detrimental to this façade over the years, it still had a distinctive attractive appearance and this design would further destroy this. The waney edge looked rough and it was noted that the Congleton shop front had a straight edge.

### **6. CONSERVATION AND HERITAGE FUND**

There were no applications for the Conservation and Heritage Fund.

### **7. URGENT BUSINESS**

There was no Urgent Business.

**Councillor Trevor Johnson
