NATURAL JUSTICE AND FAIRNESS

These are the principles used in the determination of just or fair processes and stem from the common law legal system.

According to Roman law, certain basic legal principles were so obvious that they should be applied universally without the need to be enacted into the law.

The rules of natural justice are now regularly applied by courts in both common law and civil law jurisdictions.

Natural justice operates on the principles that man is basically good, that a person of good intent should not be harmed and one should treat others as they would like to be treated.

Natural justice includes the notion of procedural fairness and may incorporate the following guidelines:-

- A person accused of a crime, or at risk of some form of loss, should be given adequate notice about the proceedings (including any charges);
- A person making a decision should declare any personal interest they may have in the proceedings;
- A person who makes a decision should be unbiased and act in good faith. He therefore cannot be one of the parties in the case, or have an interest in the outcome. This is expressed in the Latin maxim, *nemo iudex in causa sua*: “no man is permitted to be judge in his own cause”;
- Proceedings should be conducted so they are fair to all the parties – expressed in the Latin maxim, *audi alteram* : “let the other side be heard”;
- Each party to a proceeding is entitled to ask questions and contradict the evidence of the opposing party;
- A decision-maker should take into account relevant considerations and extenuating circumstances, and ignore irrelevant considerations;
- Justice should be seen to be done. If the community is satisfied that justice has been done they will continue to place their faith in the courts.

Where a person’s legal rights are concerned, the principles of natural justice are bolstered by Article 6 of the European Convention on Human Rights which is now incorporated into domestic law.

THE RULE AGAINST BIAS

It is elementary to the rules of natural justice that the deciding body is to be free from bias.

The rule is that the body must be and be seen to be impartial, independent and disinterested.

There are two broad categories of bias:

- (a) Actual Bias: when the decision-maker has an economic interest in the outcome of the case (also known as a material or pecuniary interest) subject to the De Minimum doctrine;
- (b) Reasonable Apprehension: unbiased appearance is an essential part of procedural fairness. The test is whether, having regard to the circumstances, a well informed person ("reasonably informed bystander") would consider that the interest might have an influence on the exercise of the decision-maker's duties.

GUIDANCE NOTES

HUMAN RIGHTS ACT 1998

In considering allegations against Members you should have regard to the provisions of the Human Rights Act 1998 which embody the rules of natural justice.

Rights and Freedoms to be considered when determining matters

ARTICLE 6: RIGHT TO A FAIR TRIAL

1. In the determination of his civil rights and obligations or of any criminal charge against him, everyone is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law. Judgement shall be pronounced publicly, but the press and public may be excluded from all or part of the trial in the interest of morals, public order or national security in a democratic society, where the interests of juveniles or the protection of the private life of the parties so require, or to the extent strictly necessary in the opinion of the court in special circumstances where publicity would prejudice the interests of justice.
2. Everyone charged with a criminal offence shall be presumed innocent until proved guilty according to law.
3. Everyone charged with a criminal offence has the following minimum rights:
 - (a) to be informed promptly, in a language which he understands and in detail, of the nature and cause of the accusation against him;
 - (b) to have adequate time and facilities for the preparation of his defence;
 - (c) to defend himself in person or through legal assistance of his own choosing or, if he has not sufficient means, to pay for legal assistance, to be given it free when the interests of justice so require;
 - (d) to examine or have examined witnesses against him and to obtain the attendance and examination of witnesses on his behalf under the same conditions as witnesses against him;
 - (e) to have the free assistance of an interpreter if he cannot understand or speak the language used in court.

ARTICLE 8: RIGHT TO RESPECT FOR PRIVATE AND FAMILY LIFE

1. Everyone has the right to respect for his private and family life, his home and his correspondence.
2. There shall be no interference by a public authority with the exercise of this right except such as is in accordance with the law and is necessary in a democratic society in the interests of national security, public safety or the economic well being of the country, for the prevention of disorder or crime, for the protection of health or morals, or for the protection of the rights and freedoms of others.

ARTICLE 10: FREEDOM OF EXPRESSION

1. Everyone has the right to freedom of expression. These rights shall include freedom to hold opinions and to receive and impart information and ideas without interference by public authority and regardless of frontiers. This Article shall not prevent States from requiring the licensing of broadcasting, television or cinema enterprises.

2. The exercise of these freedoms, since it carries with it duties and responsibilities, may be subject to such formalities, conditions, restrictions or penalties as are prescribed by law and are necessary in a democratic society, in the interests of national security, territorial integrity or public safety, for the prevention of disorder or crime, for the protection of health or morals, for the protection of the reputation or rights of others, for preventing the disclosure of information received in confidence, or for maintaining the authority and impartiality of the judiciary.

ARTICLE 14: PROHIBITION OF DISCRIMINATION

The enjoyment of the rights and freedoms set fourth in this Convention shall be secured without discrimination on any ground such as sex, race, colour, language, religion, political or other opinion, national or social origin, association with a national minority, property, birth or other status.

NB This is not a substantive right, but comes into play if other rights are likely to have been infringed. The prohibition is wide, but not exhaustive

ARTICLE 1: OF THE FIRST PROTOCOL PROTECTION OF PROPERTY

Every natural or legal person is entitled to the peaceful enjoyment of his possessions. No one shall be deprived of his possessions except in the public interest and subject to the conditions provided for by law and by the general principles of international law.

The preceding provisions shall not, however, in any way impair the right of a State to enforce such laws as it deems necessary to control the use of property in accordance with the general interest or to secure the payment of taxes or other contributions or penalties.

NB Possessions, in this context, includes the right to apply for a licence, the right to hold and retain a licence and the goodwill of a business.

NOTE In this context it is also particularly important for members to observe the rule against bias.

PROCEDURE TO BE FOLLOWED BY THE LICENSING SUB-COMMITTEE

NOTE:

All hearings will normally be held in public. However, the Licensing Sub-Committee may exclude the public from all or part of a hearing where it considers that the public interest in so doing outweighs the public interest in the hearing or that part of the hearing taking place in public. A party or that party's representatives may be treated as a member of the public and therefore excluded from the meeting for all or part of the hearing, and all parties have the right to be represented and to call witnesses.

The Clerk to the Committee will have the right to ask questions on behalf of the Committee of any party to the proceedings.

PROCEDURE:

1. The Chair of the Sub-Committee will open the meeting and introduce the members of the committee and call upon the parties to identify themselves and their representatives and to identify any witnesses they intend to call.
2. The Chair of the Sub-Committee will call upon the Clerk to the Committee to explain to the parties the procedures which will be followed at the hearing. Unless the Chair directs otherwise, each party will normally have a maximum period of one hour in which to give further information and call any witnesses in support of their case. In every case, all parties will have an equal maximum period.
3. The Chair of the Sub-Committee will then normally call upon the interested party or the responsible authority which has made a relevant representation against the grant of an application to provide evidence in support of their representation.
4. The applicant will then have an opportunity to question that person
5. Members of the Sub-Committee will then have the opportunity to question that party or responsible authority.
6. Any person who has made relevant representations will then call any witness in support.
7. The applicant will then have an opportunity to question that witness.
8. Members of the Sub-Committee will then have the opportunity to question that person.
9. Stages 6 to 8 will then be repeated for each person making relevant representations.
10. The applicant will then have the opportunity to give evidence in response to the application and in response to the relevant representations which have been made.
11. The interested party or responsible authority will then have an opportunity to question the applicant.

12. Members of the Sub-Committee will then have the opportunity to question the applicant.
13. Stages 10 to 12 will be repeated for any witnesses on behalf of the holder of the applicant.
14. The interested party or responsible authority will have the right to address the sub committee.
15. The applicant will have the right to address the Sub-Committee in summing up his case.
16. All parties will then leave the room while the Sub-Committee consider their decision.
17. The Sub-Committee will normally make their determination at the conclusion of the hearing, but when this is not possible, will make its determination within the period of five working days beginning with the day on which the hearing was held.

NEWCASTLE-UNDER-LYME BOROUGH COUNCIL

CORPORATE LEADERSHIP TEAM'S **REPORT TO**

Licensing Sub-Committee
Date of Committee – Wednesday 4th June 2025
Public session

Report Title: Application to vary a premises licence, which has received a relevant representation.

Submitted by: Service Director – Regulatory Services

Portfolios: Finance, Town Centres and Growth

Ward(s) affected: Town ward

Purpose of the Report

To inform the Sub-Committee of an application to vary a premises licence which has received a relevant representation.

Recommendation

That Sub-Committee:

In accordance with the Licensing Act 2003, the statutory guidance and the Council's own Statement of Licensing Policy the Sub-Committee must consider the Premises Licence variation application and have regard to the four licensing objectives, as below, when making its decision:

- (i) The Prevention of Crime and Disorder
- (ii) Public Safety
- (iii) The Prevention of Public Nuisance
- (iv) The Protection of Children from Harm

Reasons

On 11 March 2025 an application to vary the premises licence was received from Newcastle Pizza Limited for Caprinos on Liverpool Road. As part of the consultation that ended on 09 April 2025, a representation was received in objection to the application.

1. Background

1.1 The licence information relating to this application is as follows:

Premises: Caprinos
Location: 131 Liverpool Road, Newcastle Under Lyme, ST5 9HD
Licence Number: 18076
Premises Licence Holder: Newcastle Pizza Ltd (Company number 15337442)

1.2 Caprinos has held a premises licence to authorise late night refreshment since 06 July 2018. The hours authorised by the premises licence were Sundays to Thursdays 23:00 until 00:00

and Fridays and Saturdays 23:00 until 01:30. A copy of the current premises licence can be found at **Appendix A**.

- 1.3 On 11 March 2025, a variation application was received to extend the opening hours and the hours for late night refreshment until 03:00 hours on Sundays to Thursdays and until 04:00 hours on Fridays and Saturdays. A copy of this application form and supporting evidence submitted by the applicant following the representation is attached at **Appendix B**.
- 1.4 On 13 March 2025, a relevant representation from the Environmental Protection Team was received in objection to the application. The objection was made regarding the prevention of public nuisance and highlighted that the premises is in a residential area with the nearest residential bedroom being approximately 36 metres away. The objection raises concerns about the late-night noise that might be generated by patrons and delivery drivers and that there is no other late night commercial use in the vicinity until 04:00 hours. A copy of this objection, including additional correspondence between Licensing and Environmental Health, is attached at **Appendix C**.
- 1.5 On 1 April 2025, email correspondence was received from the Planning Department stating that the premises does not have any consent for the advertising signage at the premises or the outbuilding at the rear of the premises. On 7 April 2025 a further email was received from the Planning Department confirming that they will not be making an objection against this application and on 8th April the Planning Enforcement Officer confirmed that he was confident that the applicant would apply for retrospective planning for the matters outlined in his email of 1 April. A copy of the emails from planning can be found at **Appendix D**.
- 1.6 On 17 January 2025 the Licensing Team received notification that Mr SALEEM had registered as the new Food Business Operator (FBO) of the Caprinos and so the licensing team wrote to Mr SALEEM on 20th January requesting an application to transfer the premises licence. This email clearly details the hours authorised by the current premises licence. A copy of this correspondence can be found at **Appendix E**.
- 1.7 On 5 February and 19 February 2025, a Licensing Officer chased the outstanding transfer application, and it was at this point, that it was noticed that the premises was advertising hot food for supply as late as 04:00 hours which is 2 hours and 30 minutes later than their premises licence authorises. In response to this a Licensing Officer telephoned the premises and left a message with a shop worker to say that they must not trade in excess of what their premises licence authorises. A copy of the action log can be found at **Appendix F**.
- 1.8 Later the same day on 19 February 2025 the Licensing Team received a call from the new owner of the premises Mr Saleem, asking if he could stay open until 03:00-04:00 hours until he has had time to complete the transfer and variation applications. Mr Saleem claimed that the business was partnered with Uber Eats, Deliveroo and Just Eat and if he was to close early and not fulfil the orders then it would be bad for business and incur a financial penalty. A copy of the notes taken during the telephone conversation can be found at **Appendix F**. This was later supported by a written request to trade outside of his hours, a copy of the email can be found at **Appendix G**.
- 1.9 On 19 February and 24 February 2025 warning letters were sent to the premises licence holder at the time, being Mr Rafique and also to the new business owner Mr Saleem. The warning letters set out the offence of carrying out licensable activity without authorisation. A copy of the letter and email correspondence can be found at **Appendix H**.

- 1.10 On 24 February 2025 Mr Saleem emailed the Licensing Team to confirm that the trading hours of the premises were corrected as of the 19 February 2025 and that he would apply to transfer the premises licence into his business name. A copy of this email is attached at **Appendix G**.
- 1.11 On 27 February 2025 Newcastle Pizza Ltd (Company number 15337442) applied to transfer the premises licence.
- 1.12 On 24 April 2025 a check of companies house confirms that Mr Muhammad Husham SALEEM is the Sole Director of Newcastle Pizza Limited. A copy of the companies house record can be found at **Appendix I**.
- 1.13 Google street view images of the premises location is attached at **Appendix J**, and a GIS location plan of the premises is attached at **Appendix K**.
- 1.14 The premises is located within the area covered by the Council's recently updated Cumulative Impact Assessment which is attached as **Appendix L**.

2. **Issues**

- 2.1. The Licensing Act 2003 requires the Council to carry out its various licensing functions so as to promote the following four licensing objectives;
 - (i.) The Prevention of Crime and Disorder
 - (ii.) Public Safety
 - (iii.) The Prevention of Public Nuisance
 - (iv.) The Protection of Children from Harm
- 2.2. The Licensing Act 2003 requires the Council to publish a "Statement of Licensing Policy" that set out the policies the Council will generally apply to promote the licensing objectives when making decisions on applications made under the Act. Copies of the Council's Statement of Licensing Policy and the Government's Statutory Guidance will be available at the Licensing Sub-Committee hearing.
- 2.3. In making their decision on the application, the Sub-Committee are obliged to have regard to the Statutory Guidance, the Council's own Statement of Licensing Policy and the Council's Cumulative Impact Assessment. The Sub-Committee must also have regard to the representations made and the evidence heard at the hearing. However, the Sub-Committee must disregard any representations that do not relate to the promotion of the four licensing objectives.

3. **Recommendation**

- 3.1 The Sub-Committee, where it considers that action under its statutory powers is appropriate, may take any of the following steps for the promotion of the four licensing objectives. The steps available to the Sub-Committee are listed in Section 5.1 of this report.
- 3.2 The applicant has offered a compromise by way of a 1 hour reduction from the hours originally applied for. The details of this can be found on **page 16 of Appendix B**. The applicant has also suggested a number of ways in which they would aim to control any noise nuisance from the premises, including operating a delivery only service after midnight on Sundays to Thursdays and after 01.30 hours on Fridays and Saturdays, and using audio recording on the CCTV system (**page 15 Appendix B**) which could be added as licence conditions.

3.3 The conditions of the licence are modified if any of them are altered or omitted or any new condition is added.

3.4 The Sub-Committee are asked to note that they may not modify the conditions or take any other steps merely because they consider it desirable to do so. Any action taken must be appropriate in order to promote the licensing objectives.

4. **Reasons**

4.1 To ensure that the Council promote the licensing objectives in accordance with their statutory duty.

5. **Options Considered**

5.1 The relevant options considered in relation to this application are:

- (a) to grant the application as applied for;
- (b) to grant the application with modified conditions and/or timings;
- (c) to refuse the grant of this variation application.

6. **Legal and Statutory Implications**

6.1 The power to determine an application to vary a premises licence which falls under Section 35 of the Licensing Act 2003.

6.2 Hearings will be carried out in a fair, proportionate, and consistent manner in line with:

Article 6(1) guarantees an applicant a fair hearing.
Article 14 guarantees no discrimination.

7. **Equality Impact Assessment**

7.1 Not Applicable

8. **Financial and Resource Implications**

SUPPORTING STATEMENT

Subject- Grant of Premises License for Caprinos Pizza Newcastle-under-Lyme, 131 Liverpool Road, ST5 9HD

Further to the response received from Environmental Health (dated 17th March 2025) in relation to our premises license we would like to provide some evidence to support our request for the extension of operational hours as submitted. Firstly we would like the Environmental Health team to review their objection in line with the below evidence in order for an amicable solution instead of proceeding through a formal hearing which we feel is unnecessary.

As you can appreciate due to the financial situation many businesses are facing due to increased overheads in relation to food supplies, energy bills, staffing etc it has left us no other option but to consider offering our products for the late night trade to ensure we maintain a healthy business model. Of course this has to also take into consideration our neighbours (who are also regular customers) to ensure they are happy. To date there have not been any 3rd party objections received from members of the public in regards to our proposed hours (effecting noise levels) and we have also agreed that after the given hours from our previous late night license that we would solely operate a strict delivery only service.

During the extended later hours we would not have any sort of music playing whether that be indoors or in any delivery vehicles as our aim will be utilise staff vehicles for delivery instead of 3rd party delivery providers to ensure we can control this accordingly. Our CCTV that is operational would have benefit of recording audio and we would be able to put certain measures in place to ensure staff are given strict instructions otherwise they would face disciplinary actions.

We understand that there may be some residential premises at a 36m distance from our site but our operational hours proposed would not affect them as our delivery vehicles would be operating from the front of the building which would block out most of the noise and also the residents would hear more of the public highway traffic noise opposed to just our delivery driver vehicles with that being the main road. For the orders that we do receive in the later hours of the evening these would always be batch delivered to prevent multiple car trips in the first instance.

Nevertheless we have collated multiple examples of many premises operating either to the hours we desire or even greater such as Mc Donald's (operational 24hrs) that have a constant flow of customer vehicles that could be playing loud music to this time of night cited at just 21m from the nearest residential premises.

Given this we feel the local authority needs to take a fair approach and provide us as a business like others with an opportunity to trade during these hours and should we breach any of the conditions or have any critical complaints in the future then this can be reviewed by yourselves accordingly to put restrictions or sanctions in place.

We are happy to compromise on the hours to a mutually agreement as follows:

Sun-Thurs (original proposal) - 23:00-03:00am

Sun-Thurs (revised proposal) - 23:00-02:00am

Fri-Sat (original proposal) - 23:00-04:00am

Fri-Sat (revised proposal)- 23:00-03:00am

Kind Regards

CAUTION: This email originated from outside of Newcastle-under-Lyme Borough Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Claire,

Thank you for your email regarding my application to vary the premises licence. I have carefully reviewed the Cumulative Impact Assessment (CIA) policy and the relevant guidance. I would like to outline the measures I will take to mitigate any potential impact and explain why my application should be considered an exception to the policy.

Existing Business Operations & Low Impact on Cumulative Impact Area

My business is an existing, well-established food takeaway that primarily operates as a delivery service, with approximately 95% of orders being deliveries and only 5% collected in person.

There is no seating inside the premises, meaning customers do not remain on-site for extended periods, reducing any potential for congregation or noise-related disturbances.

The shop is located on the main A34 road, a dual carriageway, which is a busy commercial area with other businesses on both sides of the road. There are no immediate residential properties directly facing the premises.

The nearest residential properties are located approximately three houses away behind the premises on Wilton Street, not directly adjacent to or impacted by the business operations.
Measures to Mitigate Impact

Prevention of Public Nuisance

Minimal Walk-In Traffic: Since the majority of orders are delivered, there is very little foot traffic or customer waiting outside the premises.

No Seating, No Gathering: Without dining space, customers collect their orders and leave promptly, ensuring there is no loitering or noise buildup.

Signage & Staff Monitoring: Clear signs will be displayed requesting customers to respect local residents, and staff will be trained to manage any potential disturbances.

Traffic & Noise Management.

Dedicated Parking in Front of the Shop: Delivery drivers park in our designated parking area directly in front of the shop, minimizing traffic congestion and noise spillover into residential areas.

No Impact on Residential Streets: Delivery drivers use only the A34 dual carriageway for transport, avoiding small residential streets and ensuring there is no direct noise impact on nearby homes.

Crime Prevention & Security

CCTV Coverage: The premises is covered by high-quality CCTV monitoring both inside and outside, with recordings retained for 30 days, accessible to the police and council if required.

Well-Lit & Monitored Area: The business is situated in a commercial zone with good street lighting and active business activity, reducing the risk of crime or disorder.

Why This Application Should Be an Exception

While I appreciate the Licensing Committee's concerns regarding cumulative impact, my premises operates in a way that differs from high-risk businesses such as bars, pubs, or late-night restaurants. The key reasons why this application should be considered an exception include:

Predominantly Delivery-Based Business: With only 5% collection orders, the business does not contribute to high foot traffic or customer congregation in the area.

Minimal Impact on Local Residents: The nearest homes are located at the back on Wilton Street, and all business-related traffic remains on the A34 main road, a busy commercial dual carriageway with no direct residential impact.

Strict Noise & Traffic Management: Dedicated parking, controlled customer flow, and a delivery-focused model ensure no additional strain on local infrastructure or noise pollution in residential areas.

Given these factors, I respectfully request that my application be considered on its own merits rather than being automatically restricted by the CIA policy. I am happy to discuss any additional conditions or measures required to support this application.

Thank you for your time and consideration. I look forward to your response.

Kind regards,
Muhammad Husham Saleem

Dear Mr Saleem

I have checked the location of your premises and it falls within our cumulative impact area, and our policy regarding this can be found here: Microsoft Word - Cumulative Impact Assessment 2024 - Draft

Section 8.43 of the section 182 Guidance states that:

'8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for

example, a cumulative impact assessment), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.'

Please could you read the Cumulative impact policy, and then respond with a statement (this can be done by email) explaining any measures which you will take to mitigate the impact, and to explain why you should be an exception to the policy.

Thanks, Claire Ryles

Good afternoon,

I have reviewed the additional information provided by the applicant.

This does not alter my previous response and the justification given (see email below).

Any intensification of noise in a residential area should be avoided, especially at 3am / 4am when residents would reasonably expect to have undisturbed sleep. I note the applicant stated they will use their own vehicles, but Caprino's is on both Deliveroo and Uber Eats web sites, companies who regularly use mopeds. These are noisy vehicles, and the site would have no control over the behaviour of the delivery drivers.

Good afternoon Claire,

Thanks for your email.

Following my objection to this application (below), I have no further comments, but the following information may be useful for the committee.

The proposal is approx. 36m direct line to a residential bedroom.

It would be reasonable to assume that these houses would choose, and likely need to have these windows open, particularly in the summer for ventilation purposes..

There is no other late night commercial use in the vicinity open until 4am, and the background noise level would be very low.

Therefore, even doors, patrons voices and particularly delivery drivers (such as "Deliveroo" etc,) would have a detrimental impact on amenity.

Dear Tracy (cc Rob & Matt)

Thank you for your email regarding the application vary the premises licence to extend the hours at Caprinos.

I have checked the location of the premises and it falls within our cumulative impact area, and our policy regarding this can be found here: [Microsoft Word - Cumulative Impact Assessment 2024 - Draft](#)
The Policy was recently amended and now includes the late night refreshment.

I am going to contact the applicant to inform him that his premises sits with the cumulative impact area. Applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy. I will ask the applicant to provide this and share the response with you if/when he comes back to us.

So that we can ensure that the representation from Environmental Protection can withstand any scrutiny at the hearing please could I ask that you add a little more detail to your objection ? Also could you consider and include in your response:

- 1) Are there any conditions which could be attached to the licence to limit the risk of nuisance ?
- 2) Would you consider allowing the premises to operate for deliveries only past a certain time ?
- 3) Could there be any negotiation on timings at all ?

I have checked a handful of premises in/around the area (on the same road) and the timings (as advertised on google can be found below:

Pizza Hut 10am
KFC 12 midnight
Papa Johns until 02:00 Thursdays – Sundays
Newcastle Express 01:45 Fridays – Saturdays
McDonalds – open 24 hours

We look forward to receiving your amended objection, please be reminded that the closing date for representations is 09/04/2025

The amendments requested are: **Extension of late night refreshment hours Sundays to Thursdays until 03:00 hours and Friday and Saturdays until 04:00 hours.**

There is no change to the plan of the premises requested BUT I have requested a new plan due to the poor quality of the one which we hold on file.

Morning Claire

I am confident that the applicant (through his appointed agent Sags) will be submitting retrospective planning applications for the breaches in planning that I have witnessed so I won't personally be making any objection to the late licence application that you are determining.

Thank you for making me aware of the late licence for this venue as this put extra pressure on the applicant getting the planning enforcement issues addressed and the necessary planning application process ball rolling.

Morning Claire

I've looked at Caprinos on Friday and there's a couple of issues from a planning point I've picked up on, I have spoken to Mr Saleem on a face to face basis who has confirmed that he is going to use an agent who works with the planning department on a regular basis in sorting out the planning issues.

The issues I've highlighted to him is that he has no advertising consent for any of his signage on display at the venue, Also he has built an outbuilding to house a large commercial freezer unit which will need consent.

He seemed a bit nervous and kept mentioning his late license application and whether these planning issues will affect his application and decision. I have stated that these planning applications will be need to be submitted promptly.

Best regards

Dear Claire,

Thank you for your email. I had made changes to the trading hours from the 19th of February, shortly after our phone conversation. You can verify the updated hours on all platforms, including Just Eat, Uber Eats, Deliveroo, and the Caprinos website. Additionally, our Google page reflects the correct trading hours.

I sincerely apologize as it was a genuine mistake. I also regret the delay in my response, as the emails were sent to the business email address, which I had unfortunately missed.

Regarding the premises license transfer, I have been in contact with the current license holder, Shehzad Rafique, who has completed the consent form. I have also filled out the "Application to transfer premises license to be granted under the Licensing Act 2003", which I intend to submit today. However, I need clarification on the following points before proceeding:

How should I send a copy of the application to the Chief Officer of Police?

How should I send a copy to the Home Office Immigration Enforcement?

The rest of the form is complete and ready for submission. I would appreciate your guidance on these two points so I can finalize the process.

Looking forward to your response.

Best regards,
Muhammad Husham Saleem

Dear Mr Hasham

Thank you for the email explaining your circumstances however, we are not in a position to authorise that you serve hot food / drinks for any time except the hours authorised by your premises licence. To exceed your authorised hours is a clear offence under the Licensing Act 2003. Please read through the attached warning letter carefully which sets out the hours for which you are authorised and the maximum penalties upon conviction should you stray outside of these hours.

We have informed Uber Eats, Deliveroo and Just Eat that you have been operating outside of the hours for which you are authorised and so I expect that you will receive some contact from them directly.

I suggest that you take immediate action to rectify the situation, apply for the transfer of the premises licence and if you wish to serve later consider applying for a variation of the hours.

We are now monitoring the premises and if we catch you operating outside of the hours authorised we will begin proceedings to prosecute you under section 136 of the Licensing Act 2003.

If you need any assistance with anything then do please let us know.

Thanks, Claire Ryles

CAUTION: This email originated from outside of Newcastle-under-Lyme Borough Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Claire Ryles,

I hope you are well.

I am the director of Newcastle Pizza Limited T/A Caprinos Pizza, located at 131 Liverpool Road, Newcastle-under-Lyme, ST5 HD. I recently spoke with you over the phone about my situation and follow up with you via email as I was told.

I have been out of the country since January 22nd due to a trip to Saudi Arabia, followed by Pakistan. My stay in Pakistan was extended as my father has been unwell. I have attached proof of travel, including my initial return ticket for February 19th and the revised ticket for February 24th, as I had to postpone my return due to his condition.

Due to this, I was unable to stay in touch with my staff and did not see or complete the form sent by the council. I was only informed a few hours ago via a staff message that a warning has been issued to close the shop at midnight instead of the usual 2 AM. As I mentioned on the call, I cannot access the UberEats and Just Eat portals from here, and leaving them open without fulfilling orders would negatively impact our business. Unfortunately, I also cannot share login details due to sensitive financial information.

I sincerely apologize for the lack of communication, as I was unable to check emails or manage business activities due to my personal circumstances. Given this situation, I kindly request additional time to complete the required application and for permission to continue operating during our usual hours. I will prioritize filling out the form and submitting it within 24 hours.

I appreciate your understanding and assistance in this matter. Please let me know if any further information is required.

Best regards,

Subject: Caprinos, Newcastle-under-Lyme

Good Afternoon Mr Rafique

We currently have concerns over the premises Caprinos, Newcastle-under-Lyme to which you are associated as the premises licence holder.

The licence allows the provision of late night refreshment to the terminal hours of:

Sunday to Thursday 12midnight
Friday and Saturday 01:30hours

We have reason to believe that late night refreshment is being offered to the following terminal hours:

Monday to Thursday 02:00hours
Friday and Saturday 04:00hours
Sunday 03:00hours

As you will know, it is an offence under Licensing Act 2003, Section 136 to provide late night refreshment between the hours of 23:00 and 05:00 in the UK without a licence and therefore we request that action is taken to amend the account so that they are unable to provide late night refreshment outside of their licensable hours. If you are still associated with the premises then you should take action to amend all online delivery/collection services i.e. Deliveroo, Uber, etc. to the correct licensable hours and you **MUST** not operate outside of the hours on your licence.

As you are still listed as the premises licence holder any action against such offences will be taken against you. Should we gather any evidence over the next few days then we will be looking to bring you in for an interview under caution.

If you are no longer associated with the premises then as the current premises licence holder you can surrender the premises licence by reply to this email. Please note, although the surrender of the licence will immediately remove your association to the premises there is a 28 day period following the surrender where any other person can then reinstate the licence by making a transfer application so it will be up to any current person managing the premises to contact us as a matter of priority to make the correct application.

If you have any questions in regard to this matter please contact the licensing team as soon as possible.

Dear Caprinos

Licensing Act 2003 – Section 136 Carrying out a licensable activity of providing late night refreshment without authorisation at Caprinos, 131 Liverpool Road, Newcastle Under Lyme, ST5 9HD

The Licensing Department have received information that your premises has been operating and serving hot food / drinks until 04:00 hours at the weekend, which is 2 hours and 30 minutes in excess of what you are authorised. You have also been exceeding your authorised hours during the week days by 1 hour and 30 minutes.

With immediate effect, you must stop selling hot food and drink at the terminal hours stated on your premises licence which are as follows:

The Times the Licence Authorises the Carrying out of Licensable Activities		
ACTIVITY	LOCATION	TIMES
Late Night Refreshment	Indoors	Sunday to Thursday 23:00-00:00
		Friday and Saturday 23:00-01:30

If you want to apply to extend your licensing hours then you can apply to do so by completing an application to vary the premises licence and information regarding this process can be found on our website

The Council are now monitoring your premises and if you are witnessed selling hot food or drink after the hours stated on your premises licence then we will seek to prosecute you for carrying out licensable activity without a premises licence and the maximum penalty upon conviction is an unlimited fine and/or 6 month imprisonment.

A copy of this letter has been sent to Staffordshire Police Licensing Department.

Yours faithfully

Cumulative Impact Assessment

What is Cumulative Impact?

Cumulative impact is “*the potential impact on the promotion of the licensing objectives of a number of licensed premises concentrated in one area.*” For example where there is a high density of licensing premises selling alcohol or supply hot food that may give rise to crime and disorder or nuisance.

Background

The concept of “Cumulative impact” has been described within the s.182 Licensing Act 2003 Guidance and used by licensing authorities within their statements of licensing policy (SLP) since the commencement of the 2003 Act. ‘Cumulative impact assessments’ were introduced in the 2003 Act by the Policing and Crime Act 2017, with effect from 6 April 2018. In general terms and effect they replaced Cumulative Impact Policies (CIP), however there was no statutory transition or conversion process.

A cumulative impact assessment (CIA) may be published by licensing authorities to help them limit the number or types of licence applications granted within a specified area. They can do this where there is an evidential basis that the number or density of licensed premises in the area is having a cumulative impact and leading to problems which are undermining the licensing objectives. CIAs relate to applications for new premises licences and club premises certificates and applications to vary existing premises licences and club premises certificates in a specified area.

Before adopting a CIA the authority must establish the evidential basis that one is required, and consult upon its scope and extent with the same persons that must be consulted over the SLP.

Cumulative Impact Assessment Details

A consultation was undertaken between March and April 2024. Following the consultation period, having received evidence from Staffordshire Police and the Council’s Environmental Health department, the Licensing Committee (the Committee) determined that there was an evidential basis to implement a CIA and extend both the area and scope to be covered.

The area covered by the previous CIA has been extended. The plan of the new area is attached at **Appendix A**. The assessment will relate to all premises and business types within the specified area that have a premises licence or a club premises certificate which will be carrying on or proposing to carry on the following licensable activities:

- The sale or supply of alcohol on or off the premises;
- The provision of late night refreshment
- The provision of any regulated entertainment

The Committee came to this decision following statistical data provided by Staffordshire Police showing that levels of crime and Anti-Social Behaviour had reduced in 2023-24 from 2022-23, however it had not reduced to the levels seen pre and during the pandemic in the area known as the ‘Town Centre’. They also stated that the CIA was a key tool in supporting the licensing objectives and in helping keep the area a safe place to live, work and visit. Additionally, it is the Police’s view that

without a CIA it may lead to a proliferation of licensed premises which would likely have a detrimental effect on the safety of the town.

The evidence provided by Staffordshire Police and the Council's Environmental Health department suggested that premises that offer, or propose to offer, late night refreshment may add to the cumulative impact of premises within the night time economy and those premises should be included.

The Police data provided covered the three periods detailed below and relates to Crime and Anti-social behaviour. The data that relates to the 'Town Centre' is attached as **Appendix B**, and the data for the Whole Borough is attached as **Appendix C**:

- April 2021-March 2022
- April 2022-March 2023
- April 2023-March 2024

Full data that was presented to the Committee in making their decision can be found on the Council website at: <https://moderngov.newcastle-staffs.gov.uk/ieListDocuments.aspx?CId=435&MId=4086>.

The Committee decision was that to grant any further premises licences or club premises certificates, or variations of existing permissions, within the area detailed in Appendix A, would be inconsistent with the authority's duty to promote the licensing objectives.

Assessment of Applications

The evidence underpinning the publication of this CIA will generally be suitable as the basis for a decision to refuse an application or impose conditions. However it does not change the fundamental way that the Council must make decisions under the 2003 Act. Therefore, each decision subject to the CIA still needs to be made on a case-by-case basis and with a view to what is appropriate for the promotion of the licensing objectives. Importantly, the publication of this CIA does not remove the Council's discretion to grant applications for new licences or applications to vary existing licences, where they are considered appropriate in the light of the individual circumstances of the case.

In publishing this CIA the Council is setting down a strong statement of intent about its approach to considering applications for the grant or variation of premises licences or club premises certificates in the area described. The Council must have regard to the assessment when determining or revising its SLP. It is therefore expected that, in respect of each relevant application in the area concerned, the licensing authority will be considering whether it is appropriate to make a representation to its committee as a responsible authority in its own right. As stated above, the CIA does not change the way that licensing decisions are made. It is therefore open to the licensing authority to grant an application where it considers it is appropriate and where the applicant can demonstrate in the operating schedule that they would not be adding to the cumulative impact. Applications in areas covered by a CIA should therefore give consideration to potential cumulative impact issues when setting out the steps that will be taken to promote the licensing objectives. Where relevant representations are received and a licensing authority decides to grant an application it will need to provide the applicant, the chief officer of police and all parties who made relevant representations with reasons for granting the application and this should include any reasons for departing from their own policy.

This CIA does not relieve responsible authorities (or any other persons) of the need to make relevant representations where they consider it appropriate to do so for the promotion of the licensing

objectives. Anyone making a representation may base it on the evidence published in the CIA, or the fact that a CIA has been published. However, it remains incumbent on all responsible authorities and other persons to ensure that their representations can withstand the scrutiny to which they would be subject to at a hearing. As with all licensing applications under the 2003 Act, if there are no representations, the licensing authority must grant the application in terms that are consistent with the operating schedule submitted.

Whilst this CIA does not apply directly to Temporary Event Notices, the Secretary of State's Guidance to the Licensing Act 2003 states that it is open to the Police and Environmental Health officers to refer to this assessment and the evidence contained within it when objecting to a TEN. The authority believes this is a right and proper approach as extension of hours within the Cumulative Impact Assessment Area can have a direct impact on the promotion of the licensing objectives.

Review of the CIA

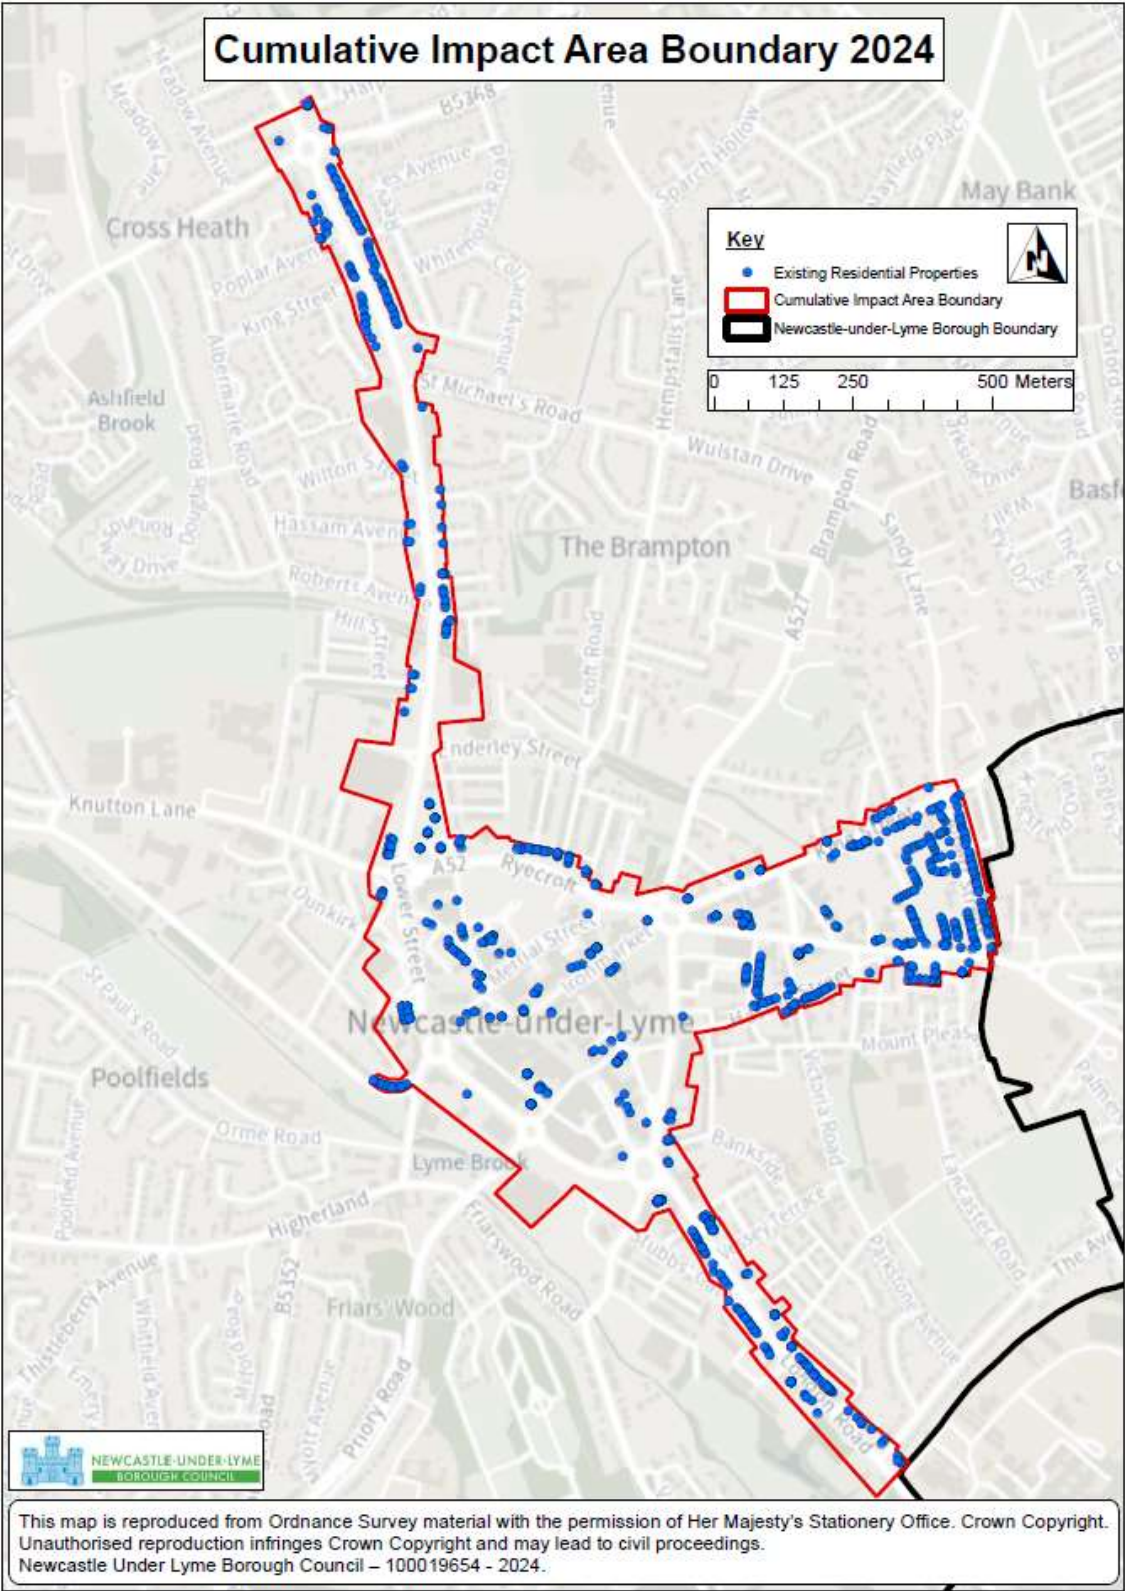

This CIA is a standalone live document and is capable of being amended, following the required consultation process and without the need for the Council to review and consult upon the SLP document.

The licensing authority must, within three years, consider whether it remains of the opinion set out in this assessment. In order to decide whether it remains of this opinion it must again consult the appropriate persons. If having consulted the Council decides that it is no longer of the opinion set out in the CIA, it must publish a statement to that effect. The statement must make clear that any reference to the CIA in its licensing policy statement no longer applies. The licensing authority should remove any reference to the CIA within its SLP at the earliest opportunity.

If having consulted the Council decides that it remains of the opinion set out in the assessment, it must revise the CIA to include a statement to that effect and set out the evidence as to why it remains of that opinion. It will be important for any evidence included in the revised CIA to be robust and relevant to the current problems described. This will likely involve the collation of fresh or updated evidence of cumulative impact. The Council must also at this stage publish any other material change to the assessment. For example if the types of premises or area described in the assessment have changed due to a shift in the nature of the problems being experienced, or where there is evidence of the emergence of a new type of problem.

In each case the three year period for reviewing a CIA begins with the original date of the publication of the CIA or the date that a CIA was last revised. Where the SLP as a whole is due for review, under the five year review period under the Act and this occurs before the end of the three year CIA review period, the Council may use this as an opportunity to carry out a review of the evidence in support of the CIA. However, the Council is free to carry out consultations and reviews of the CIA (and/or SLPs) at more regular intervals if considered appropriate.
