Dear Mr Sellgren,

**ELECTORAL REVIEW OF NEWCASTLE-UNDER-LYME: WARDING  
 ARRANGEMENTS**

I am writing to inform you that the Commission has, today, opened its consultation inviting proposals for a new pattern of electoral wards for Newcastle under Lyme.

The Commission is minded to recommend that 44 borough councillors should be elected to Newcastle-under-Lyme Borough Council in future. The Commission now invites proposals from the council, interested parties and members of the public on a pattern of electoral wards to accommodate those councillors.

The consultation begins today and will end on 5 December 2016.

**Publicising the review**

I would be grateful if you could bring the consultation to the attention of elected members. Furthermore, a copy of the Commission's press release and posters advertising this stage of the review are being sent to your Council. It would be much appreciated if you could publicise the consultation by arranging for copies to be placed on display at local information points, and by taking such other steps as you consider appropriate to bring the review to the attention of the public and other interested parties. In particular, we would appreciate it if you could promote the consultation online, via social media and any other channels you would normally use to engage residents.

Further details about the review are available on our website at [www.lgbce.org.uk](http://www.lgbce.org.uk) where there is information about how to get involved and the kind of evidence the Commission is seeking in support of any proposed division patterns.

In addition, the Commission's consultation portal allows visitors to interact with online maps of the current electoral wards, draw their own boundaries and feed views into the consultation process directly. The portal is available at [www.consultation.lgbce.org.uk](http://www.consultation.lgbce.org.uk).

Submissions can also be made by email to [reviews@lgbce.org.uk](mailto:reviews@lgbce.org.uk) and by post to the address at the end of this letter.

## **Review timetable**

This phase of consultation closes on 5 December 2016.

Once the Commission has considered all the proposals received during this phase of consultation, it plans to publish draft recommendations for new electoral arrangements in February 2017. Public consultation on the draft recommendations is scheduled to take place between February 2017 and April 2017. Once the Commission has considered the representations and evidence as part of that consultation, it intends to publish final recommendations in June 2017.

New electoral arrangements for the borough are scheduled to come into effect at the borough council elections in 2018.

## **Creating a pattern of wards**

In drawing up a pattern of electoral wards, the Commission must balance its three statutory criteria, namely:

- To deliver electoral equality where each borough councillor represents roughly the same number of electors as others across the borough.
- That the pattern of wards should, as far as possible, reflect the interests and identities of local communities.
- That the electoral arrangements should provide for effective and convenient local government.

The Commission will test proposals against the criteria before drawing up draft recommendations. Accordingly, all proposals should demonstrate how they meet the three requirements. The Commission will take decisions based on the strength of the evidence presented to it and not merely on assertion. For example, details of community interests such as the location and use made of local facilities, services and local organisations demonstrating how a community manifests itself will carry greater weight than submissions that simply assert that an area has community identity.

The Commission will consider all submissions on their merit. A well-evidenced submission from an individual which addresses the three statutory criteria will be more persuasive than one which does not, even if the latter is from an elected individual or body.

Further information on drawing up a pattern of electoral wards is available in our guidance document: *Electoral reviews: technical guidance* which can be found at <http://www.lgbce.org.uk/policy-and-publications/guidance>. We also publish a practical guide for putting forward submissions called *How to propose a pattern of wards* which is available at [http://www.lgbce.org.uk/data/assets/pdf\\_file/0008/25694/Proposing-new-wards-guidance-2015-08-04.pdf](http://www.lgbce.org.uk/data/assets/pdf_file/0008/25694/Proposing-new-wards-guidance-2015-08-04.pdf).

Our website includes information about previous electoral reviews of district councils where you can see how the Commission came to its conclusions and how other districts and parishes built their own pattern of wards.

Please feel free to contact us at any time should you have any questions. Officers at the Commission will be happy to assist with technical aspects of your division scheme either in person or via email or telephone.
