**CORPORATE RISK MANAGEMENT REPORT FOR THE PERIOD April to June  
2017 (Quarter 1)**

**Submitted by:** Simon Sowerby - Business Improvement Manager

**Portfolio:** Policy, People and Partnerships

**Ward(s) affected:** All

**Purpose of the Report**

To inform Members of the progress made by the Council in enhancing and embedding risk management for the period April - June 2017 (Q1), including progress made in managing identified corporate risks.

**Recommendations**

**The Committee is asked to:-**

- (a) Scrutinise the progress that has been made in managing the risks identified within the Strategic, Operational, Project and Partnership Risk Registers, where applicable.**
- (b) Note the point 2.1.1 showing the number of overdue risks.**
- (c) Note the point 2.2.1 advising of the risk level increases.**
- (d) Note the point 2.2.2 regarding the new risks identified between April to June 2017.**
- (e) Identify, as appropriate, individual risk profiles to be scrutinised in more detail at the next meeting of the Committee.**

**Reasons**

The risk management process previously adopted by the Council has been reviewed to incorporate changes in the way the Council works and to provide continuity and streamlined reporting of risks to allow the process to become further embedded at each level of the authority. This will also aid the identification of key risks that potentially threaten the delivery of the Council's corporate priorities. The Risk Management Strategy provides a formal and proportionate framework to manage these identified risks and thus reduce the Council's exposure.

1. **Background**

- 1.1 The Council monitors and manages all its risks through the various risk profiles contained within GRACE (Governance Risk and Control Environment) – the Council's software used to record and manage risks.
- 1.2 The Council currently reviews its high (red 9) risks at least monthly and its medium (amber) risks at least quarterly.
- 1.3 The last review of these risks (Q4 2016) was reported to the Council's Audit & Standards Committee in July 2017.
- 1.4 Risk owners are challenged by the Council's Risk Champions in respect of the controls, further actions, ratings and emerging risks related to their risks, and are also challenged on the reasons for inclusion or non-inclusion and amendment of these.
- 1.5 Projects are managed to a high level in relation to risk and are reviewed in accordance with the Risk Management Strategy (i.e. at least monthly).

2. **Issues**

- 2.1 Further to an Audit Assurance recommendation, your officer has been asked to report on overdue risk reviews that are 6 months out of date.
  - 2.1.1 At the time of running the report, there were NO overdue reviews.
- 2.2 Following a previous meeting a brief point is now produced to show any risks where the risk level has increased to a Medium 7, 8 or High 9.
  - 2.2.1 Your officer can report that there has been 2 (two) risk level increases under the profiles of Corporate Health and Safety and Environmental Protection.
  - 2.2.2 There have been no new risks added to profiles during April to June 2017.
  - 2.2.3 Should there be any increase during July to September 2017 these will be reported to the next meeting of the Committee.

3. **Strategic, Operational, Project and Partnership Risk Registers (Appendices)**

- 3.1 The Council regularly reviews and refreshes its risk registers in accordance with the Risk Management Strategy.
- 3.2 These reviews are co-ordinated by the Strategic Risk Champion who works closely with Directors, Operational Risk Champions and Risk Owners.

3.3 The risk map below shows the descriptions of the ratings, for ease of use.

#### **4. Issues from last meeting**
