

Report on Open Enforcement Cases

Purpose of the Report

To inform members of the current situation regarding the enforcement caseload.

Recommendations

- That the report be received
- That a further update be provided alongside the next quarterly monitoring report on cases where enforcement action has been authorised.

Background

In accordance with previous Committee decisions, the format of this report shows existing and previous enforcement cases. The Table included in this report shows the total number of outstanding cases in one format (shown below).

In the last quarter (July – September 2017) a further 64 new cases have been reported, less than the previous quarter (80). The current number of open cases is 275 which is less than the previous quarter. The number of open cases has reduced for the second consecutive quarter, therefore.

A number of the cases indicate in the Table below have associated pending planning applications that are awaiting determination (6 as at 07 December 2017).

Conclusions

It remains inevitable that some cases in the 'backlog' will remain open for some time because of their complexity.

Progress continues to be made in tackling older cases and there is still a significant body of work being undertaken behind the scenes, which has led to progress in several complex cases. Officers' enforcement workload is regularly reviewed to ensure continuity and case progression, and will continue to be undertaken.
