- Sustainable General Practice
- Reduced variation in the use of community hospital beds
- End of life care

The programme will deliver Integrated Care Teams (ICT) in 23 localities each serving a population of between 30,000 and 70,000. The ICT's will deliver GP services, Nurses, Health Care support workers, Pharmacist, Social Care, Voluntary sector, District Nursing, Community Matrons, and Community Mental Health in one locality designed around individual local demand/need. These 23 ICTs will form 8 Specialist Team Hubs covering the Stoke North, Stoke South, Newcastle, Moorlands, Stafford, Cannock, Lichfield and Tamworth and East Staffordshire areas, which will provide a range of specialist services aligned to the local population e.g. Dementia services, Cardiac rehab, Specialist nursing Home first etc.

The following points were discussed:

- How the public would know where to go when they need medical advice.
- The need for the system to work and had to be right first time.
- The significant work burden for GP's
- Winter pressures.
- A County wide flu vaccination initiative.

RESOLVED That the Committee request the following:

- a) Evidence that the STP is letting go of control to the Integrated Care Team localities to deliver services to meet their local need.
- b) That at a future meeting when this item is being considered, a practising GP be invited to attend, to offer their views on the programme
- c) Information on the public awareness campaign and how that will be delivered.

Their next meeting will be held on Monday 17 September 2018.
