Reasons

The risk management process previously adopted by the Council has been reviewed to incorporate changes in the way the Council works and to provide continuity and streamlined reporting of risks to allow the process to become further embedded at each level of the authority. This will also aid the identification of key risks that potentially threaten the delivery of the Council's corporate priorities. The Risk Management Strategy provides a formal and proportionate framework to manage these identified risks and thus reduce the Council's exposure.

1. Background

- 1.1 The Council monitors and manages all its risks through the various risk profiles contained within GRACE (Governance Risk and Control Environment) – the Council's software used to record and manage risks.
- 1.2 The Council currently reviews its high (red 9) risks at least monthly and its medium (amber) risks at least quarterly.
- 1.3 The last review of these risks (Q1 2019) was reported to the Council's Audit & Standards Committee in September 2019.
- 1.4 Risk owners are challenged by the Council's Risk Champions in respect of the controls, further actions, ratings and emerging risks related to their risks, and are also challenged on the reasons for inclusion or non-inclusion and amendment of these.
- 1.5 Projects are managed to a high level in relation to risk and are reviewed in accordance with the Risk Management Strategy (i.e. at least monthly).

2. Issues

- 2.1 Further to an Audit Assurance recommendation, your officer has been asked to report on overdue risk reviews that are 6 months out of date.
 - 2.1.1 At the time of running the report, there were no overdue reviews.
- 2.2 Following a previous meeting a brief point is now produced to show any risks where the risk level has increased to a Medium 7, 8 or High 9.
 - 2.2.1 Your officer can report that there were no risk level increases.
 - 2.2.2 There were no new risks identified.
 - 2.2.3 Should there be any changes or increases during October to December 2019 these will be reported to the next relevant meeting of the Committee.
 - 2.2.4 Questions raised at the September meeting – see Appendix A.

3. Options Considered

- 3.1 Following discussions with EMT, arrangements have been made to complete a comprehensive review of all risk registers and reporting to this Committee.

4. Proposal - Strategic, Operational, Project and Partnership Risk Registers (Appendices)

- 4.1 The Council regularly reviews and refreshes its risk registers in accordance with the Risk Management Strategy.
- 4.2 These reviews are co-ordinated by the Strategic Risk Champion who works closely with Directors, Operational Risk Champions and Risk Owners.
- 4.3 The risk map below shows the descriptions of the ratings, for ease of use.
