Reference	Location and Applicant	Development	Working Party Comments	Planning Decision
19/00711/FUL	7 Granville Avenue, Newcastle	Proposed single storey orangery extension to rear	The WP recognises that much of this extension is not visible because of the shed in the rear of the garden and certainly the hipped roof may be visible. It objects to the copings and would like this element simplified. The dark brick detailing around the jambs should be replicated on the extension and ensure that timber is used for the windows, as is specified in the application. Members felt that the proposed large window on the rear was unsightly and through this could be redesigned to be more sympathetic.	Approved (with an amended plan) by delegated powers on 23 October 2019 http://publicaccess.newcastle-staffs.gov.uk/online-applications/PLAN/19/00711/FUL

The WP has no objections to the scheme and the signage except the position of the projecting sign should be amended to reflect the location of other similar signs along the street.
