Other services such as routine GP appointments had adapted/been managed remotely during the crisis in order to comply with social distancing guidelines. In addition, they were pleased to note that Staffordshire NHS Trusts/CCGs had robust plans in place for the recovery period until March 2021 and had refreshed their long-term Plans to take account of the significant change in circumstances which had occurred including identification of future risks and challenges and appropriate measures to mitigate their impact. Also, the joint working which had taken place in Health was noted and welcomed.</p> <p>The Committee went on to make various suggestions as to how the recovery phase could be improved for the benefit of residents in the County and undertook to keep the developing situation with regard to Covid-19 under close scrutiny, as necessary.</p>	<p>All Districts and Boroughs</p>
