

**SCRUTINY PANEL REVIEW OF WALLEY'S QUARRY LANDFILL SITE
QUESTIONS TO LOCAL COMMUNITY GROUPS**

NAME: Sarah Oliver
REPRESENTING : Aspire Housing

- 1 How many people does your group represent?
[Approx 40](#)
- 2 What is the geographical area covered by your group?
[Travellers site situated on Cemetery Road](#)
- 3 What topics would you like to speak to the Panel on?
[Infestations](#)
- 4 Are these issues better or worse at different times of the day/year or in different weather conditions?
[Rats are continually present but more noticeable in spring/summer months](#)
- 5 Do you know how to raise issues about operations on site, and who to raise those issues with?
[No](#)
- 6 Have you raised any issues about operations on site, who with, and what was the outcome?
[Not that I am aware of](#)
- 7 What do you think RED Industries does well?
[No comments](#)
- 8 What do you think the RED Industries could do better?
[No comments](#)
- 9 What do you think the Environment Agency, the Borough Council or the County Council do well?
[No comments](#)
- 10 What do you think the Environment Agency, the Borough Council or the County Council could do better?
[No comments](#)

The Panel has been asked to specifically consider your thoughts on the proposal to increase the amount of waste that RED Industries is allowed to import to the site from 250,000 per year to 400,000 tonnes per year up until 2024. RED Industries made an application to the Environment Agency (EA) in 2019 to allow this increase under their Environmental Permit. The EA consulted on this application and more information is available here:-

<https://consult.environment-agency.gov.uk/psc/st5-6dh-red-industries-limited/>

- 11 Whilst the importation limits are a matter for the Environment Agency, please let us know if your answers to any of the questions above would be different under the varied Environmental Permit.
