

CONSERVATION ADVISORY WORKING PARTY

Reference	Location	Development	CAWP comments	Link
21/00613/DEEM3 & 21/00614/LBC	Lancaster Buildings, High Street, Newcastle	New external gates to 4 corner units.	<p>Minute agreed by Chair on behalf of the Working Party on 2 July 2021.</p> <p>The Group object to this proposal, which is a permanent harmful fixture for a temporary situation. It is harmful to the architectural features of the shop front, like the curved glass doorway, and it means the shop cannot use the display. They appreciate the attempt to have a design but either closed or open this gate will block an important part of the character of the entrance and is unacceptable.</p>	http://publicaccess.newcastle-staffs.gov.uk/online-applications/PLAN/21/00613/DEEM3
