Application No.21250

I am registering my objection to the above. This isn't based on me being a killjoy but on negative experiences when large outdoor events have been held there in the past.

For example - loud noise that spread across the village and the surrounding countryside 'til late in the evening; heavy traffic that affected access to and from the village;

people, sometimes intoxicated, milling around the village green; parking on side roads and litter which on one occasion, I recall, included a used nappy left in the gutter.
