

LAND AT DODDLESPool, BETLEY. 17/00186/207C2

The purpose of this report is to provide Members with an update on the progress of the works being undertaken at this site following the planning application for the retention and completion of a partially constructed agricultural track, approved under planning permission 21/00286/FUL.

RECOMMENDATION

That the information be received.

Latest Information

As previously reported, works to the track are largely complete and the landowner now needs to carry out the approved landscaping works.

Your officers carried out a site visit on the 16th August and it is clear that the dry weather over the summer months has made it difficult to carry out any seeding or planting. However, the landowner has advised that the landscaping will be carried out when conditions improve.

As part of the monitoring process a further site visit will now take place in October.

Date Report Prepared – 27th September 2022
