**RECOMMENDATION**

**That the information be received.**

Latest Information

As previously reported, works to the track are largely complete and the landowner now needs to carry out the approved landscaping works.

It was reported in the last update report on the 11<sup>th</sup> October that the most recent site visit was on the 16<sup>th</sup> August. It was clear at that site visit that the dry weather over the summer months had made it difficult to carry out any seeding or planting.

Your officers are currently arranging a site visit and it is hoped that this will take place before the planning committee meeting.
