

To Mrs. Karen Benson, NUL Environmental Services.

Re: Recent application by 'Secret Garden' for an extension to hold parties till dawn in the mornings.

I object to this being granted due to Parking Issues, Horns from Taxis peeping to collect persons from Venue slamming of car doors, noisy persons leaving venue too! It disturbs sleep & is frightening as I live by myself. I feel if they gain this permission won't be long before there will be 'live music', single or duo artists performing there, which will be very unsatisfactory. This place is not a party, club, disco venue but will become this if you allow them permission, so I strongly object to any extension.
