3. **Recommendation**

3.1 That Public Protection Committee approves the proposed taxi and private hire fees for 2024/25.

4. **Reasons**

4.1 The Council is required to set fees for private hire and hackney carriage licenses for 2024/25.

5. **Options Considered**

5.1 The Council is required to set fees for private hire and hackney carriage licenses for 2024/25. The fees proposed are based on cost recovery.

6. **Legal and Statutory Implications**

6.1 The Local Government (Miscellaneous Provisions) Act 1976 (sec. 70) provides provision for the setting of fees and charges in relation to Operator and Vehicle licence fees. The fees are to be reasonable costs for carrying out the granting and renewal of licenses, costs for providing Hackney Carriage stands and costs relating to control and supervision of such vehicles.

6.2 The Act also specifies a maximum amount for the activities of £25 and should the costs exceed this then the Act defines a process of advertising and dealing with any objections made in relation to proposed fees.

- 6.3** The Local Government (Miscellaneous Provisions) Act 1976 (sec. 53(2)) states that in relation to driver licence fees, a district council may demand and recover for the grant to any person of a licence to drive a hackney carriage, or a private hire vehicle, a fee as they consider reasonable. With a view to recovering the costs of issue and administration.
- 6.4** The Deregulation Act 2015 amended the Local Government (Miscellaneous Provisions) Act 1976 in relation to the duration of licences for hackney carriage and private hire drivers and private hire operators to establish a standard duration of three years for hackney carriage and private hire driver licences and five years for a private hire operator licence.
- 6.5** The European Services Directive states (Art 12.2) “*Authorisation procedures and formalities shall not be dissuasive and shall not unduly complicate or delay the provision of the service. They shall be easily accessible and any charges which the applicants may incur from their application shall be reasonable and proportionate to the cost of the authorisation procedures in question and shall not exceed the cost of the procedures*”. Councils must not use fees covered by the Directive to make a profit or act as an economic deterrent to deter certain business types from operating within an area.
- 6.6** In December 2019 the Court of Appeal in the case “*R (on the application of Abdul Rehman, on behalf of the Wakefield District hackney Carriage and Private Hire Association) v The Council of the City of Wakefield and The Local Government Association (Intervening) [2019] EWCA Civ 2166*” confirmed, that there is no general principle that the taxi licensing fee regime should be self-financing. Also that the costs associated to enforcing the behaviour of licensed drivers could be recovered via the licence fee set under s53(2) of the 1976 Act.

7. Equality Impact Assessment

- 7.1** There are no identified equality implications arising from the content of the report.

8. Financial and Resource Implications

- 8.1** There are a number of factors involved in setting a fees and charges, which have financial and resource implications, such as:
- The number of licenses issues in the forthcoming year – A review of recent trends and licenses due for renewal are used to inform this element
 - The resources required delivering these activities – The number of licenses and resources required to deliver these are intrinsically linked.
 - The processes and procedures completed in issuing and renewing licenses – The processes are regularly reviewed and updated, many applications are now through on-line applications.
 - The Councils Taxi policy requirements and standards – This sets the foundations for the taxi licensing and influences the above points.
- 8.2** There is also provision within the regime that Private Hire drivers and vehicles can be licensed by other Local Authorities – Over the past years there has

been a reduction in the number of both driver licenses and vehicle licenses issued by the Council.

- 8.3 There will be financial and resource implications for the Council if full cost recovery is not achieved.

9. **Major Risks & Mitigation**

9.1 The Council may be open to challenge should the calculation of the fees and charges prove to be contrary to the Act. The best practice guidance is followed in setting the fees and charges in order to mitigate such risk.

9.2 Judicial Review of a decision may be made on the following grounds:

- Ultra vires – no power to levy a particular fee, or fees used to raise revenue unlawfully, or
- Wednesbury rules – decision was unreasonable or irrational

Again, best practice is followed in order to mitigate against such risk.

9.3 The financial and resource implications are also considered to be risks, should the estimates be incorrect or change within the forthcoming year, these elements and controls are discussed in section 8 of this report.
