I'm e-mailing regard the councils recent decision to review the licence of the club on Pitgreen Lane. The club has been there for many years and is a valuable resource for the local community. I understand a neighbour has made repeated complaints over the last 10 years and has recently taken to using CCTV to capture images and footage of customers leaving the premises. Following the most recent complaint and Sentinel article you have taken the decision to review the licence.

The club has undertaken many steps and at quite an expense to ensure the premises do not impact negatively on its neighbours. It seems to me that this is a vendetta from one individual who I'm aware moved into the property long after it was built. I would suggest if there were persistent issues of the nature he is describing that many other neighbours would also be complaining.

I want to show my support for the club and wish for my representation to be considered during this process.
