

Planning Committee site visit dates for 2025/26

It has been the practice of the Committee to annually agree a programme of dates upon which Planning Committee site visits will be held, should such visits be agreed to be necessary at a meeting of the Committee.

The likely dates of Planning Committee meetings, to which Development Management items are likely to be brought, are known. It is recommended that the Committee should now agree to a programme of dates upon which the Planning Committee visits will be held during the 2025/26 municipal year. Members are reminded that the policy of the Committee is that in the event of a site visit being held, only members who have attended the site visit may then take part in the discussion and determination of the application which has been the subject of the site visit.
