11. **Recommend to Full Council for approval, the Local Council Tax Reduction Scheme (Appendix 9) for 2026/27.**

Reasons

To enable the Cabinet to recommend a robust and affordable budget for 2026/27 to the Full Council at its meeting on 11 February 2026.

The Council needs to have an approved Capital Strategy for 2026/27, an approved Treasury Management Strategy for 2026/27, an approved Investment Strategy for 2026/27 and an approved Commercial Strategy for 2026/27 in place before the start of the 2026/27 financial year.

1. Background

- 1.1 The Council is committed to the delivery of high quality services. Integral to this ambition is effective targeting of financial resources in line with the vision of "good local services, a prosperous borough and safe and welcoming places for all" and the Council's stated aims and objectives, as set out in the Council Plan 2022-2026, which was approved by Cabinet on 6 September 2022.
- 1.2 The Medium Term Financial Strategy (MTFS) sets out the Council's financial position over the next 5 years. This is aligned to the Council Plan 2022-2026 and is the key vehicle for ensuring efficiency in service delivery and targeting resources to priority areas.
- 1.3 There has been good progress against Council Plan objectives in the current year, with high standards of service delivery being achieved overall. Key Council Achievements, linked to the Council Plan objectives, are reported to Cabinet on a quarterly basis. (Details of the Council Plan 2022-2026 can be seen here <https://www.newcastle-staffs.gov.uk/policies-1/council-plan-2022-2026>)

- 1.4 The 2026/27 budget is based on the assumptions set out in the MTFS which was reported to the Cabinet at its meeting on 13 January 2026 and scrutinised by the Finance, Assets and Performance Scrutiny Committee at its meeting on 15 January 2026.
- 1.5 The proposals included in this report will inform the Revenue and Capital Budgets and Council Tax 2026/27 report to Full Council on 11 February 2026.
- 1.6 The Capital Strategy 2026/36 sets out how the Council proposes to deploy its capital resources in order to achieve its corporate and service objectives. It takes into account other relevant Council strategies, policies and plans and the views of partners and interested parties with whom the Council is involved. It also takes account of the resources which are likely to be available to the Council to fund capital investment and the effect of that investment on the Council's revenue budget. It will serve as a useful point of reference when determining or reviewing the Council's Capital Programme.
- 1.7 The Council has adopted the Chartered Institute of Public Finance and Accountancy (CIPFA) Treasury Management Code of Practice. This requires approval by Full Council concerning the Treasury Management Strategy to be followed in carrying out its treasury management activities in the forthcoming financial year, 2026/27.
- 1.8 The Investment Strategy 2026/27 is compiled according to Central Government's Guidance on Local Government Investments ('the Guidance') and the 2017 revised CIPFA Treasury Management in Public Services Code of Practice and Cross Sectoral Guidance Notes ('the CIPFA TM Code'). It sets out the Council's policies for managing its investments and for giving priority to the security and liquidity of those investments.
- 1.9 The Commercial Strategy 2026/27 is aligned with the Council's vision for Newcastle-under-Lyme to be a sustainable and business-oriented Council that maximises commercial opportunities in order to deliver long-term benefits for residents of the borough and support the Council's Medium-Term Financial Strategy.

2. Issues

Budget 2025/26 – Provisional Outturn Forecast

Revenue

- 2.1 The Council approved a General Fund Revenue Budget of £19.730m on 12 February 2025 for 2025/26. The actual and forecast position compared to this budget is continuously monitored by Budget Holders, the Corporate Leadership Team and Portfolio Holders in order to detect any significant variances of expenditure or income from the approved amounts contained in the budget.
- 2.2 At the close of quarter three a positive variance of £0.003m has been achieved. The projected outturn on the General Fund Revenue Account for the year is £19.726m. This represents a positive outturn of £0.004m for the year.
- 2.3 The positive variances that have occurred at the close of period 9 of 2025/26 include:

- a. Income from planning applications at the close of quarter three amounts to £0.582m more than budgeted, it is anticipated that income for the remainder of the financial year will remain in line with that budgeted and that the variance for the financial year will stay at £0.582m.
- b. Interest receivable on cash that the Council holds in terms of Town Deal funding totals £0.186m at the close of quarter three. It is forecast that interest receivable will amount to £0.207m for the financial year.
- c. Interest payable on borrowing has been vastly reduced due to the cash that the Council holds in terms of Town Deal and funding, this has saved £0.436m. It is anticipated that borrowing will commence during the final quarter, as such is it estimated that this saving may amount to £0.484m for the financial year.

2.4 These positive variances have been offset by the following adverse variances:

- a. Income shortfalls at the close of quarter three from car parking (£0.137m), trade waste (£0.075m), land charges (£0.044m) and bereavement services (£0.176m). It is forecast that these will total £0.504m for the financial year.
- b. Income shortfalls at the close of quarter three relating to the closure of the main pool for maintenance and repairs at Jubilee 2 and the associated freeze in memberships amounts (£0.079m). It is forecast that this will total £0.254m for the financial year.
- c. Use of overtime, casual and agency staff within the Household Waste and Food Waste Services along with increased contractor disposal payments has resulted in an overspend of £0.206m at the close of quarter three. It is forecast that this will amount to an overspend of £0.275m for the financial year.
- d. A contribution to the budget support fund of £0.140m has been assumed, dependent upon the outturn regarding interest payable and receivable.

2.5 Careful monitoring of the financial position will be required over coming weeks and months leading to prompt corrective action where necessary to ensure the Council remains in a position of being able to deliver a balanced budget position in the current financial year and beyond.

Capital

2.6 A mid-year review of the Capital Programme for 2025/26 has been undertaken in order to identify any projects that may need to be re-profiled from 2025/26 into future years. The revised Capital Programme for 2025/26 totalling £35.635m was approved by Cabinet on 2 December 2025.

2.7 The table below shows a high level (service) summary of the Capital Programme position at the close of period 9:

| Priority | Budget at Period 9 £'000 | Actual at Period 9 £'000 | Variance at Period 9 £'000 |
|--|-----------------------------|-----------------------------|-------------------------------|
| One Council Delivering for Local People | 386 | 386 | - |
| A Successful and Sustainable Growing Borough | 5,514 | 5,522 | 8 |
| Healthy, Active and Safe Communities | 3,845 | 3,872 | 27 |
| Town Centres for All | 3,843 | 3,843 | - |
| Total | 13,588 | 13,623 | 35 |

Medium Term Financial Strategy

2.8 The updated MTFS was reported to Cabinet on 13 January 2026 this reflects the impact of the Local Government Finance Settlement.

2.9 A number of savings and funding strategies have been identified as being both feasible and sustainable, via a vigorous Financial Efficiency Board process including challenge sessions for each of the Cabinet Portfolios involving Cabinet Members, the Corporate Leadership Team, Service Directors and the Finance Manager. The proposed savings and funding strategies identified to date for the period of the MTFS have enabled a balanced financial position to be proposed for 2026/27.

Revenue Budget 2026/27

2.10 The MTFS provides for a gap in 2026/27 of £1.599m and a gap over the 5 year period of the MTFS of £4.649m. The table below shows the factors which give rise to the £1.599m gap for 2026/27:

| | £'000 |
|---|--------------|
| Additional Income | |
| Fees and Charges | (364) |
| Total Additional Income | (364) |
| Loss of Income | |
| Settlement Funding Assessment | 126 |
| Reduction in income from under achieved budgets | 100 |
| National Insurance – not fully reimbursed as previously assumed | 233 |
| Total Loss of Income | 459 |

| Borrowing | 90 |
| Temporary Accommodation | 194 |
| Other (inc. software licences, Local Government Re-Organisation, restructuring) | 485 |
| Total Additional Expenditure | 1,504 |
| Net Increase in Base Budget | 1,599 |

2.11 The savings identified for 2026/27 are summarised at 2.9, with further detail in Appendix 1.

2.12 As in previous years, the first draft of the savings plan set out at Appendix 1 was made available to the Finance, Assets and Performance Scrutiny Committee for scrutiny at its meeting on 4 December 2025. The Committee also scrutinised the recommendations of the Cabinet report of 13 January 2026 at its meeting on 15 January 2026.

Civic Growth Fund

2.13 The Civic Growth Fund (formally the Borough Growth Fund) was established in 2020 for the purpose of enabling investment in corporate priorities. The Civic Growth Fund is required to be used to invest in initiatives that are forecast to generate on-going revenue savings through reducing the costs of service delivery, through the generation of additional income or through the provision of wider economic and health benefits.

2.14 Since the establishment of the Civic Growth Fund, investments have been made and committed to in the following areas:

| Investment Area | £'000 | Details |
|------------------------------|--------------|--|
| Council Modernisation | 887 | Embedding digitalisation across services and developing the skills of staff. |
| One Council Programme | 100 | Contribution to drive the digital programme which will transform public access to council services and drive efficiency savings. |
| Environmental Sustainability | 183 | Tree planting/carbon reduction |
| Walley's Quarry | 175 | Addressing community concerns regarding the quarry's unpleasant odour omissions. |
| Town Centre Support | 211 | Used to support the Town Deal bids for Newcastle and Kidsgrove and the rejuvenation of the Markets. |
| Car Parking Machines | 30 | Purchase of car parking machines with cashless payment options. |
| Commercial Property Review | 20 | Review to develop income generation ideas as part of the Commercial Strategy. |

2.15 The savings and funding strategies identified in the table in paragraph 2.9 and in Appendix 1 will enable continued investment of £0.250m in the Council's

priorities as per the Council Plan 2022-2026 via the Civic Growth Fund. The Civic Growth Fund will continue to be used to provide investment in initiatives including Digital Delivery, that are forecast to generate on-going revenue savings through reducing the costs of service delivery, through the generation of additional income or through the provision of wider economic and health benefits. The Council's Section 151 Officer will determine whether any proposed use of the fund complies with this guidance on a case by case basis.

2.16 The 2026/27 Civic Growth Fund investment will be used in the following areas:

| Investment Area | £'000 |
|------------------------------|--------------|
| Environmental Sustainability | 75 |
| Digital Delivery | 50 |
| Place Development | 125 |
| Total | 250 |

2.17 £0.125m will be used within place development on initiatives and events for boosting footfall within the town centres and the promotion of outdoor physical activity and teamwork.

2.18 An extension of the freeze, already announced to £1 after 1pm car parking, to all hourly car parking charges is recommended in support of the motion agreed by Full Council on 21 January 2026 to support the Borough's Town Centres, High Streets and Villages. The creation of free 'nipper' parking at the South High Street should also be noted as an initiative to boost footfall within the town centre.

2.19 In order to promote the benefits of outdoor sports it is also recommended that a freeze in fees relating to tennis, bowls, football and rugby fees and charges be implemented for 2026/27.

2.20 The costs of providing a freeze in these fees and charges will be met from the Place Development element of the Civic Growth fund for 2026/27 (£0.043m), a further £0.082m will be used on further initiatives.

2.21 In order to boost environmental sustainability within the Borough, £0.075m per annum over the life of the MTFs continues to be ring-fenced from the Civic Growth Fund to enable such projects to be fully funded.

2.22 £0.050m of the 2026/27 Civic Growth Fund will continue to be allocated to the digital programme which will transform public access to Council services and drive efficiency savings.

Council Tax and Collection Fund

2.23 The savings and funding strategy assumes a 1.99% per Band D equivalent property Council Tax increase, producing £0.179m of additional income. This increase in Council Tax would equate to the following monetary increases for residents:

| Property Band | Annual Increase £ p | Weekly Increase £ p |
|---------------|------------------------|------------------------|
| A | 2.95 | 0.06 |
| B | 3.46 | 0.07 |
| C | 3.94 | 0.08 |
| D | 4.44 | 0.09 |
| E | 5.42 | 0.10 |
| F | 6.42 | 0.12 |
| G | 7.39 | 0.14 |
| H | 8.88 | 0.17 |

- 2.24** Taking into account changes to the Council Tax base (i.e. new properties, empty homes premium, second home premium, single persons discount review), the Council Tax base has increased by 451 band D equivalent properties from 39,807 in 2025/26 to 40,258 in 2026/27.
- 2.25** The Council is required to declare its estimated surplus or deficit on the Collection Fund (for both Business Rates and Council Tax) to preceptors ahead of the financial year end for 2025/26. This surplus or deficit is then shared between the relevant preceptors in 2026/27 (a surplus if paid out to preceptors, including the Council, and a deficit is repaid to the collection fund from preceptors, including the Council).
- 2.26** The Council Tax Collection Fund is estimated to be in a deficit position as the close of 2025/26. This deficit is estimated to amount to £0.625m, of which the Council's share is £0.068m.
- 2.27** The Business Rates Collection Fund is estimated to be in a deficit position at the close of 2025/26. The deficit is estimated to amount to £2.982m, of which the Council's share is £1.193m.
- 2.28** The deficit primarily relates to successful appeals in the period January to March 2025 which resulted in an actual outturn position of a surplus of £1.823m for 2024/25 compared to the forecast declared surplus position as at December 2024 of £4.114m.
- 2.29** The Council's share of the deficit for both Business Rates and Council Tax will be provided for via Business Rates Reserve which was established to ensure the Council's resilience against Business Rates volatility.

Budget Consultation

- 2.30** Public consultation has been undertaken on the budget (Appendix 10), the consultation ran between 25 November 2025 and 1 January 2026. The consultation clearly determined that residents felt that the following services were the most important to them:
- Town centre regeneration
 - Street cleaning
 - Refuse collection
 - Parks, playgrounds and open spaces

It also showed that a greater number of residents feel that services should be protected as far as possible, even if that requires an increase in Council Tax as opposed to reducing services to a core statutory offer or reducing levels of services to ensure that Council Tax is frozen or increased at a minimal amount.

Capital Programme 2026/27 to 2028/29 and Capital Strategy 2026/36

- 2.31** The Capital Programme for 2026/27 to 2028/29 (Appendix 4) is based on new schemes which are vital to ensure continued service delivery and in assisting the Council to achieve its corporate and service objectives as set out in the Council Plan 2022-26. These schemes total £110.012m including major investment into the Borough via external funding in terms of the Town Deals Fund for both Newcastle and Kidsgrove.
- 2.32** The Capital Programme will require to be financed by borrowing, primarily for cash flow purposes, whilst assets are procured and constructed, after which time significant capital receipts are expected. The associated borrowing costs have been factored into the MTFS. The Capital Financing Requirement is set to increase to £31.278m by 2028/29 based on the 3 year Capital Programme for 2026/27 to 2028/29, the Capital Financing Requirement at 31 March 2025 (£19.893m) and the Capital Financing Requirement for capital expenditure during the current financial year and the financial years 2026/27 to 2028/29 (£11.385m).
- 2.33** The Capital Programme for 2026/27 to 2028/29 includes an estimate for the development of York Place which has been updated to reflect an adjusted cashflow and receipt of Homes England funding (£5.076m), this assumes spend of £16.112m plus capitalised interest (£0.612m) over the period 2025/26 to 2027/28 and a subsequent capital receipt including capitalised interest during 2028/29.
- 2.34** The Capital Programme for this period also includes an estimate for the redevelopment of the Midway Carpark which has been updated to reflect an adjusted cashflow and receipt of Homes England funding (£5.689m), this assumes spend of £35.955m plus capitalised interest (£1.372m) over the period 2025/26 to 2027/28 and a subsequent capital receipt plus capitalised interest during 2029/30.
- 2.35** In addition, the Capital Programme also includes an estimate for the redevelopment of the Ryecroft site which has been updated to reflect an adjusted cashflow and receipt of Homes England funding (£8.179m), this assumes spend of £33.132m plus capitalised interest (£1.049m) over the period 2025/26 to 2027/28 and a subsequent capital receipt including capitalised interest in 2030/31.
- 2.36** The Capital Strategy for 2026/36 (Appendix 5) meets the requirements of statutory guidance issued by the Government in January 2018. The Council's capital investment is carried out within the statutory framework laid down by the Local Government Act 2003 and regulations under that Act. Accordingly, only expenditure which fits the definition of capital expenditure contained in the Act or Regulations pursuant to it will be capitalised.
- 2.37** The Capital Programme is produced in line with the Capital Strategy for 2026/36. In addition to the Council's corporate and service objectives, as set out

in the Council Plan 2022-26, the Capital Programme is also influenced by a number of external parties and factors.

- 2.38** Delivering the capital programme for 2026/27 will require prudential borrowing to be undertaken, primarily for the purposes of the regeneration projects outlined above for which interest will be capitalised and for which capital receipts are expected, but also to reflect the Council's underlying capital financing requirement. The impact of borrowing is included in the MTFS pressures for 2026/27 and future years.
- 2.39** Advice will continue to be sought from the Council's Treasury Management advisors, Arlingclose, as to the most beneficial timing of prudential borrowing. Their current advice to reduce interest rate risk is to borrow on a short term basis (up to 4 years) from other local authorities where possible alongside longer term Public Works Loan Board borrowing where suitable.

Treasury Management Strategy 2026/27, Investment Strategy 2026/27 and Commercial Strategy 2026/27

- 2.40** The Treasury Management Strategy for 2026/27 is attached at Appendix 6. The Minimum Revenue Provision Policy for 2026/27 is contained in Annex C to the strategy.
- 2.41** The Treasury Management Strategy for 2026/27 allows for borrowing and for the capitalisation of interest costs in relation to development schemes. Although not utilised in recent years, the Council has previously considered the option of long-term borrowing from the Public Works Loans Board (PWLb). After the utilisation of capital receipts and internal borrowing, the Council will look to borrow short term (up to 4 years) from other local authorities where possible alongside longer term Public Works Loan Board borrowing where suitable.
- 2.42** The Investment Strategy for 2026/27 is attached at Appendix 7. This Investment Strategy meets the requirements of statutory guidance issued by the government in January 2018 and is based on guidance provided by Arlingclose, the Council's Treasury Management Advisors. Quantitative investment indicators are included within the Strategy to allow elected members and the public to assess the Council's total risk exposure as a result of its investment decisions.
- 2.43** The Commercial Strategy for 2026/27 is attached at Appendix 8. This strategy is aligned with the Council's vision for Newcastle-under-Lyme to be a sustainable and business-oriented Council that maximises commercial opportunities in order to deliver long-term benefits for residents of the borough and support the Council's medium-term financial strategy.

Balances and Reserves

- 2.44** A review of the Council's Balances and Reserves together with a financial resilience risk assessment informing the levels of these has been undertaken by the Council's Section 151 Officer. Details of the risk factors considered and the weightings applied to each are set out at Appendix 3.
- 2.45** It is recommended that a minimum level of unallocated reserves and contingencies (i.e. the Council's Balance and Reserve Strategy for 2026/27) of

£2.225m be held in 2026/27 to reflect the levels of revenue risk shown in the draft budget for 2026/27.

- 2.46** The increase in the minimum level will be financed from the Recovery Grant to be received in 2026/27, the balance of which will be paid into the Budget and Borrowing Support Fund to increase the Council's financial resilience, ahead of its use in 2027/28 and 2028/29 to smooth the impact of the Fair Funding Review 2.0.

3. Recommendation

That Cabinet:

- 3.1** Recommend to Full Council for approval, the Revenue and Capital Budgets as detailed in this report and in the report to Cabinet dated 13 January 2026.
- 3.2** Recommend to Full Council for approval, the updated Medium Term Financial Strategy 2026/27 to 2030/31 (Appendix 2).
- 3.3** Approve the strategy for ensuring a balanced revenue outturn position for 2025/26.
- 3.4** Recommend to Full Council for approval, the calculation of the Council Tax base and a proposed Council Tax increase for 2026/27 of 1.99% per Band D equivalent property.
- 3.5** Recommend to Full Council for approval, the risk assessment at Appendix 3 and the Section 151 Officer's recommendation on the level of reserves and contingencies provisionally required to be maintained in 2026/27.
- 3.6** Approve the Civic Growth Fund priorities for 2026/27.
- 3.7** Recommend an extension of the freeze, already announced to £1 after 1pm car parking, to all hourly car parking charges in support of the motion agreed by Full Council on 21 January 2026 to support the Borough's Town Centres, High Streets and Villages. And, that the creation of free 'nipper' parking at the South High Street is noted.
- 3.8** Recommend a freeze in fees relating to tennis, bowls, football and rugby fees and charges for 2026/27.
- 3.9** Recommend to Full Council for approval, the Capital Strategy (Appendix 5) for 2026/36.
- 3.10** Recommend to Full Council for approval, the Treasury Management Strategy (Appendix 6) for 2026/27.
- 3.11** Recommend to Full Council for approval, the Investment Strategy (Appendix 7) for 2026/27.
- 3.12** Recommend to Full Council for approval, the Commercial Strategy (Appendix 8) for 2026/27.

3.13 Recommend to Full Council for approval, the Local Council Tax Reduction Scheme (Appendix 9) for 2026/27.

4. Reasons

4.1 The Council has a statutory duty to set a balanced budget before 11 March in the financial year preceding the one in respect of which the budget is set, per Section 30(6) of the Local Government Finance Act 1992. Best practice is for financial planning to take place over a 5 year period in the form of a MTFS that sets out how the Council plans to allocate resources to meet its objectives.

5. Options Considered

5.1 None.

6. Legal and Statutory Implications

6.1 The Council is required to set its Council Tax for 2026/27 by 11 March 2026, per Section 30(6) of the Local Government Finance Act 1992. It is planned to approve the final budget and Council Tax rates on 11 February 2026.

7. Equality Impact Assessment

7.1 Local authorities have a responsibility to meet the Public Sector Duty of the Equality Act 2010. The Act gives people the right not to be treated less favourably due to protected characteristics. It is important to consider the potential impact on such groups and individuals when designing or delivering services and budgets. Budget proposals requiring changes or new services and policies will be subject to Equality Impact Assessments including consultation with affected people and organisations.

8. Financial and Resource Implications

8.1 These are addressed in the body of the report.

9. Major Risks & Mitigation

9.1 Section 25 of the Local Government Acts 2003 places a duty on the Section 151 Officer to report on the robustness of the budget. The main risks to the budget include spending in excess of budget; income falling short of the budget (including capital receipts from disposal of assets); and unforeseen elements such as changes to Government funding. In the context of uncertainty regarding Government funding reforms there are significant budget risks that will need to be managed. It will be essential the Council has sufficient reserves to call on if required.

9.2 Such risks require regular and robust monitoring and it is essential that the Council has sufficient useable reserves to call on if required. The review and risk assessment indicates that overall unallocated reserves and contingencies are required to be held at a minimum level of £2.225m to reflect the levels of revenue risk shown in the draft budget for 2026/27. In addition a contingency of £1m is required to provide flexibility to manage risks relating to delivery of the capital programme.

- 9.3** The assessment of the Section 151 Officer is that the proposals included in this report are robust and will ensure an adequate level of reserves.
- 9.4** Treasury management is a major area of risk for the Council in that large amounts of money are dealt with on a daily basis and there are a number of limits and indicators, which must be complied with.
- 9.5** The overriding consideration in determining where to place the Council's surplus funds is to safeguard the Council's capital. Within this constraint the aim is to maximise the return on capital. Operational procedures, coupled with monitoring arrangements, are in place to minimise the risk of departures from the approved strategy.

10. UN Sustainable Development Goals (UNSDG)

- 10.1** In shaping detailed budget proposals consideration will be given to the need for investment in order to deliver the Council's Sustainable Environment Action Plan.

11. One Council

Please confirm that consideration has been given to the following programmes of work:

One Commercial Council ☒

We will make investment to diversify our income and think entrepreneurially.

The recommended Capital Strategy sets out the Council's proposed approach to commercial delivery for 2025/2026.

One Digital Council ☒

We will develop and implement a digital approach which makes it easy for all residents and businesses to engage with the Council, with our customers at the heart of every interaction.

The Council's investment and modernisation programmes have allowed continued development of a digitalised offer for residents and customers.

One Green Council ☒

We will deliver on our commitments to a net zero future and make all decisions with sustainability as a driving principle.

The recommended Investment Strategy continues a commitment to invest in measures which enhance the Council's and borough's sustainability.

12. Key Decision Information

12.1 Final approval of the budget setting process will be a key decision.

2026/27 Budget Consultation report

Headline findings

- 25 responses – a significant decrease from 82 responses last year
- Parks, playgrounds and open spaces, followed by street cleaning, were seen as the two most important council services
- Town centre regeneration was the most important service that the Council did not have to provide
- 52 per cent of respondents chose to protect services, even if this means we will need to increase Council Tax and charges to service users because of central funding reductions
- A small majority said the Council should seek to generate additional revenue from arts development, leisure facilities or open spaces
- 52 per cent of respondents were aged between 41 and 60.

Background

This survey was available online from 26 November 2025 to 1 January 2026 via an online form on the Council's 'Have Your Say' web page, and was publicised by the Communications Team via social media. There were 25 responses – a significant decrease on the 82 received last year.

Q1) Are you a resident of the borough of Newcastle-under-Lyme?

84 per cent of respondents said that they were a resident of the borough, with the remaining 16 per cent saying they were not.

Q2) What is the single most important thing the Council could do differently to improve the quality of life for your local community?

This was a purely open question – an open text box was provided for respondents to answer, unprompted, with no suggested answers to choose from. Note in particular the prominence of the words ‘town’ and ‘centre’.

Q3) Which of these Council services are the most important to you?

For this question, respondents were asked to choose up to 5 services from a list of 17 services. As respondents could choose up to 5 options, totals will add up to considerably more than 100 per cent.

Two services were by far more popular than the other options:

- Parks, playgrounds and open spaces 68 per cent of respondents
- Street cleaning 60 per cent

More than one quarter of respondents chose the following options:

- Town centre regeneration 44 per cent
- Refuse collection 40 per cent

Q4) Out of the following services which the Council is not required by law to provide would you most like to see protected? Please tick up to five boxes.

Respondents were asked to choose up to 5 options out of a list of 10 services.

Four were chosen by more than 40 per cent of respondents:

- Town centre regeneration 65 per cent
- CCTV 52 per cent
- Outdoor leisure facilities 48 per cent
- Outdoor markets 44 per cent

- *Protect services, even if this means we will need to increase Council Tax and charges to service users because of central funding reductions.* This was picked by more than half (52 per cent) and was the most popular choice.
- *To not increase Council Tax or charges for service users, but instead look to reduce service levels towards a core statutory offer - that is, excluding those listed in question 3.* This was the least popular choice, picked by only 12 per cent of respondents.
- *Reduce levels of service to make sure that Council Tax rises and fee increases for service users are kept to a minimum.* This was selected by 36 per cent of respondents.

[illegible]

Respondents were asked to choose from a list of six options, and they could select as many of these six as they wanted to – explaining why percentages add up to considerably more than 100 per cent.
