

Classification: NULBC **UNCLASSIFIED**

Cleaner, Greener and Safer Overview and Scrutiny Committee.

We met on Sept.4th.

We had a very detailed update from Trevor Smith on the Purple Flag Scheme we are putting in for in our Town Centre followed by a detailed discussion with the committee.

Sara Moore gave us a verbal update on the problems we are encountering with anti-social behaviour caused by mini motors in the Borough and gave us some positive answers to our questions.

Councillor Ann Beech and Cllr Tony Kearon gave us a briefing on their priorities and work objectives for the next 6months and we had a question and answer session afterwards.

We discussed and updated the work plan to reflect current scrutiny topics.

We will be looking at what current powers we have in relation to vacant and derelict buildings.
